

Central Artery/Tunnel Parcel 2 Park Design—Meeting 4

Preferred Design Progress

Overview

The Boston Planning & Development Agency (BPDA), in partnership with the Massachusetts Department of Transportation and the Greenway Conservancy, invites community members to the fourth public meeting for the Parcel 2 Park Design process. The goal of this meeting will be to provide a design progress update to interested community members.

The team will provide an overview of the feedback collected during the third public meeting and the Concept Designs Online Survey. This feedback guided the selection and further progression of one preferred park design scheme. This progression and further refinement of a single scheme will be the focus of this meeting.
