with City Hall staff

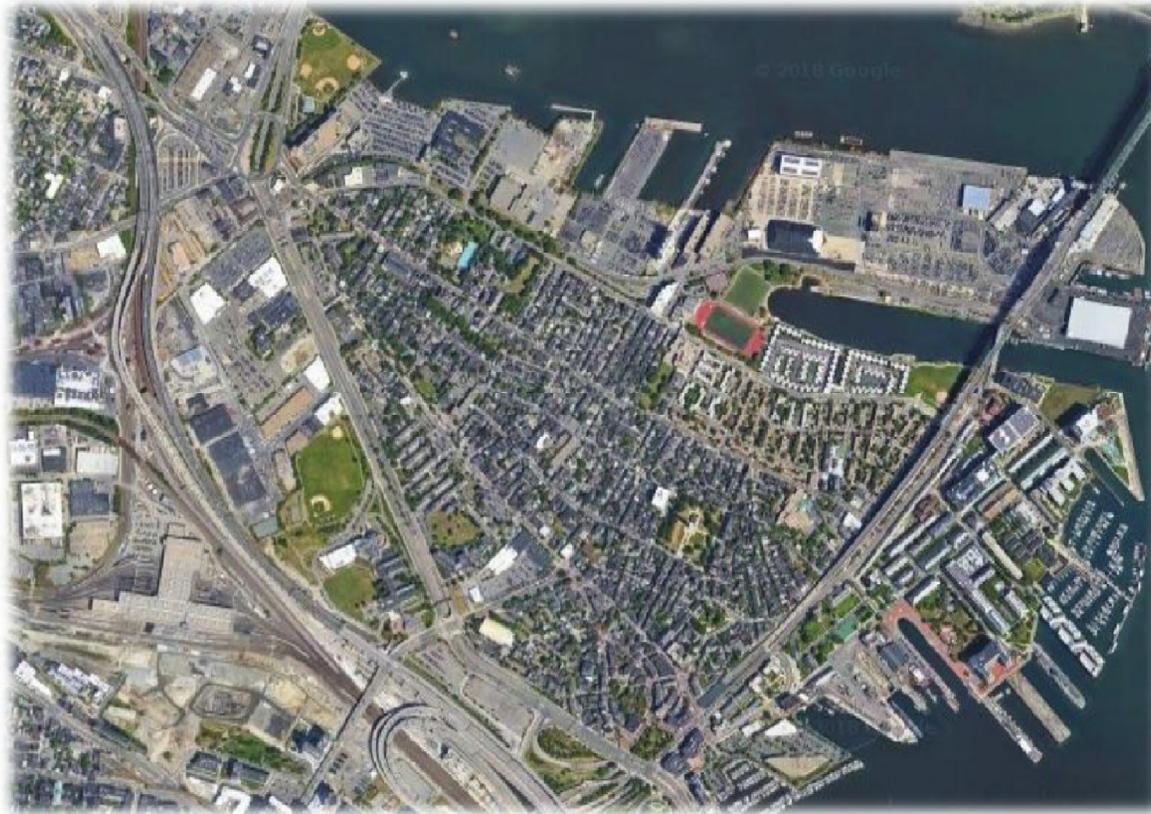

01

Tools for Zoning Fluency

**boston planning &
development agency**

Use and Dimension: Article 62

Zoning Regulates Uses

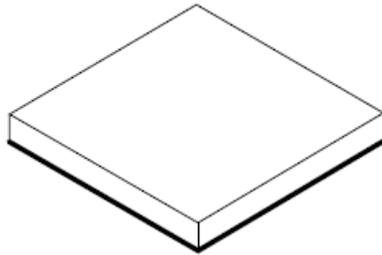

Zoning Regulates Uses

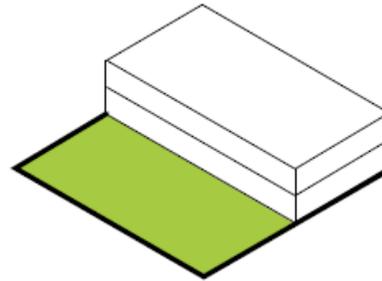

Zoning Regulates Dimension: FAR

Floor Area Ratio

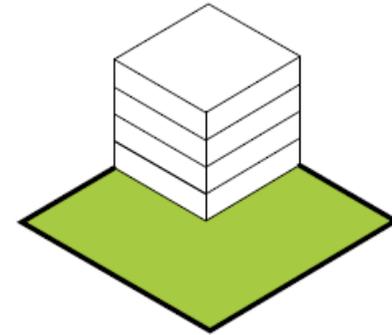

FAR = 1.0

1 story
covers
100% of the lot

2 stories
covers
50% of the lot

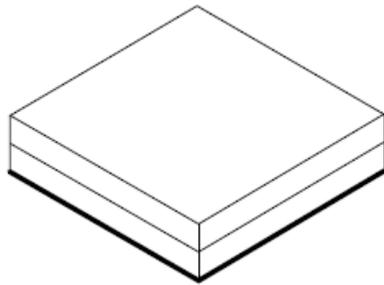

4 stories
covers
25% of the lot

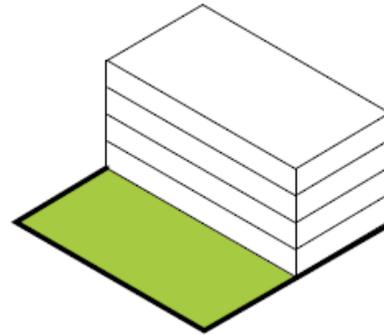

Zoning Regulates Dimension: FAR

Floor Area Ratio

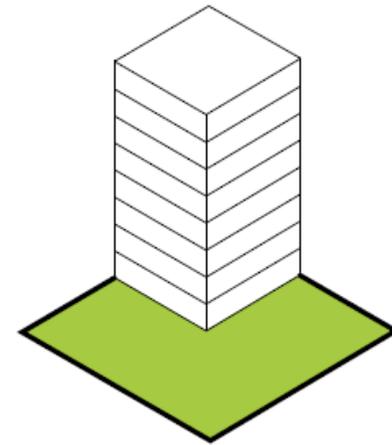

FAR = 2.0

2 stories
covers
100% of the lot

4 stories
covers
50% of the lot

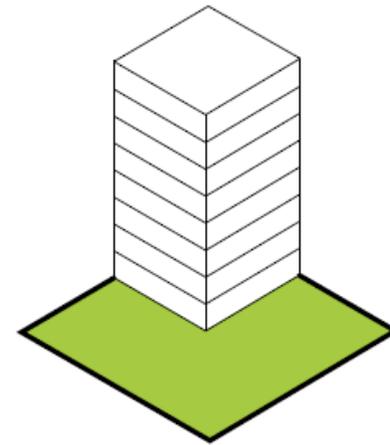

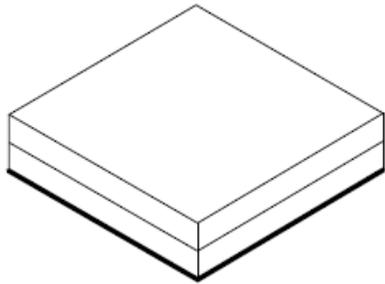

8 stories
covers
25% of the lot

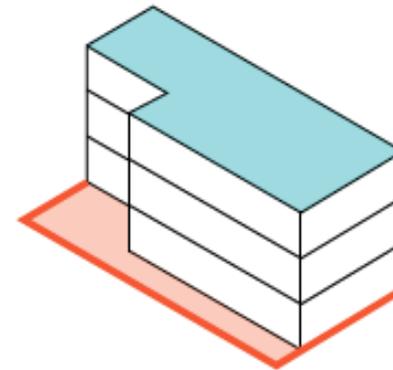

Zoning Regulates Dimension: FAR

Floor Area Ratio

FAR = 2.0

Example of Typical FAR

Lot area 1600sf
Living area 3,160sf

Typical Residential 3-family
FAR 2.0

Planned Development Areas (PDA's)

What is it?

- **A PDA is an overlay zoning district that establishes land use controls for large or complex projects. Allows for community driven discussion on appropriate open space, height, FAR, and public amenities.**

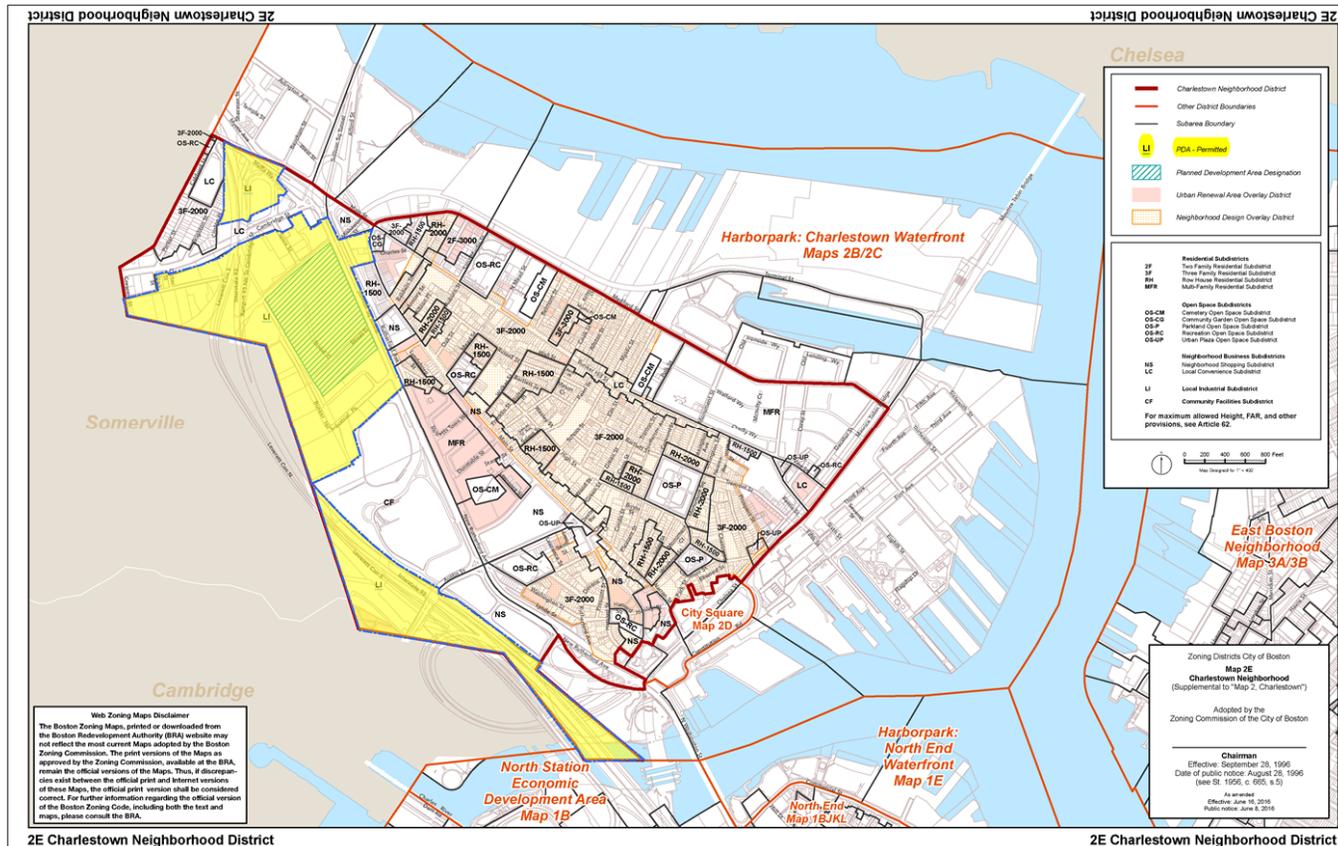

Where are they?

- **A PDA may be established for an area comprising at least one acre and where they are not explicitly forbidden by the underlying zoning.**

How does the community participate?

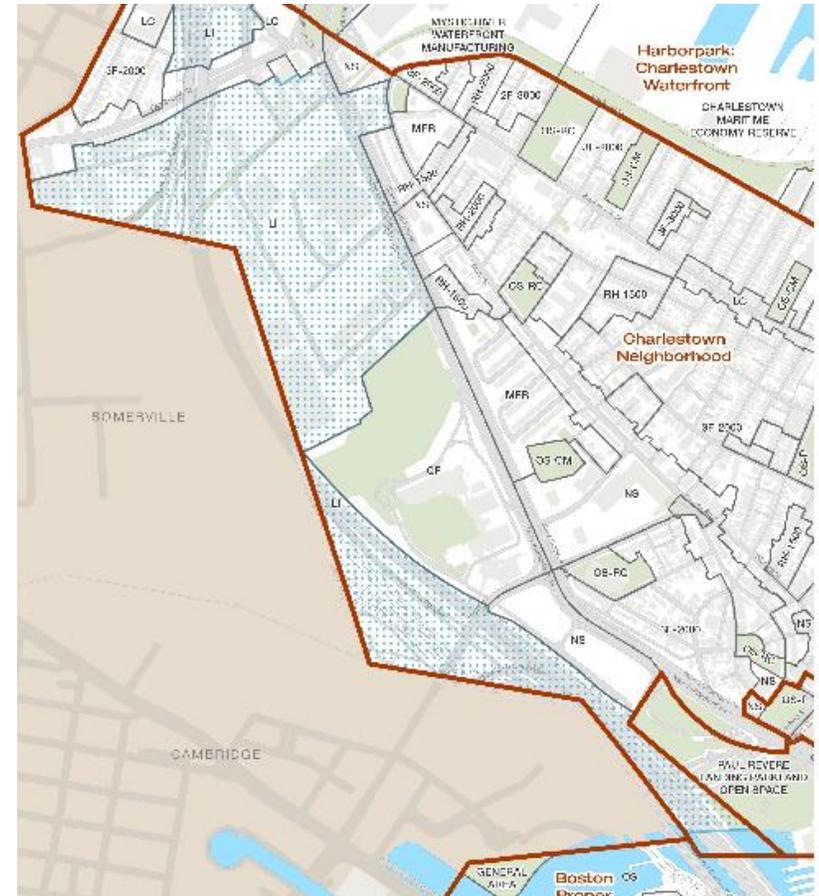

- **Any new PDA, any change to an existing PDA, and all associated Development Plans must undergo a public review process.**

PDA's in Charlestown

PDA's in Charlestown

- Shaded areas depict where PDA's are allowed
- PDA's are only allowed in Local Industrial (LI) zoning districts

PDA's in Charlestown

PDA 108

32 Cambridge Street

PDA 51

Hood Business Park
