The Action Plan focuses on the 2 miles along the Centre and South Street Corridor, between Jackson Square and Forest Hills. The Citizen Advisory Committee will be responsible for assisting the City with prioritizing and developing an action plan for improvements along this corridor. The Mayor's Office, Boston Transportation Department (BTD) and the BRA are especially interested in encouraging diversity within the Advisory Committee, recognizing the variety of neighborhood organizations along the corridor.

- Communicate to the organization they represent.
- Collaborate with major stakeholders, including other public agencies

NOMINATIONS MUST INCLUDE THE FOLLOWING:

- Name of the individual
- Address
- Email address if possible
- Affiliation to Neighborhood Organization or Institution
- Statement of how you would best represent the neighborhood's interests.

All CAC public meetings and working sessions will be open to the public. Meetings will be led by BRA & BTD staff. The nominations will then be presented to the Mayor, who will make the final determination on the CAC members.
