Please join us for a meeting to review the planning process to date, and preview future community discussions. PLAN: East Boston is shifting focus from neighborhood-wide topics to specific types of areas within the neighborhood. The event will introduce three primary types of areas: Neighborhood Residential, Mixed-Use Nodes and Corridors, and Waterfront Industrial and Economic Development Areas. Future discussions will focus on understanding neighborhood priorities in these areas.

This event is part of PLAN: East Boston, a long-range planning initiative that, when complete, will update East Boston neighborhood planning, will deliver a transportation action plan, and will recommend changes to East Boston zoning. For more information and scheduling updates, visit: [bit.ly/PlanEastBoston](https://bit.ly/PlanEastBoston).

Light refreshments, translated materials, and interpretation services will be provided.
