

Tell Us Your Thoughts

We are here to listen and learn, and to continue the dialogue of how PLAN JP/Rox can address area issues and opportunities.

Please take Field Notes!

Use "lead lines" to connect notes to map locations.

Circle areas of interest.

Hatch sites of opportunity.

Snap photos with your phone and tell us what you are capturing and why.

Consider These Themes

As you tour the area, consider these themes in your observations and Field Notes:

Mobility and Connectivity - *Walkability and bikeability, bicycle and vehicle infrastructure conditions, parking resources, and improvement opportunities.*

Public Realm and Streetscape - *Area character and functionality, and opportunities for beautification, and placemaking.*

Land Use and Development - *Successful uses, adjacencies, and projects and new opportunities sites, use needs and characteristics.*

Community Resiliency and Sustainability - *Social cohesion, housing affordability, business viability, public health, environmental well being, energy / pollution, and mitigation and adaptation opportunities.*

Field Notes Examples:

I would like to see more of.....

My concerns are.....

The sidewalks could be wider where?

I don't feel safe at night inpart of the neighborhood.

I can envision a building with greater height and density at.....

The pedestrian crossing is not safe at.....
