

PUBLIC REALM EXPANSION BELGRADE AVE

BELGRADE AVE STREETScape IMPROVEMENTS

This intersection was identified by the Roslindale community as a priority for safety improvements, as well as an opportunity to define an important gateway to the Square.

The reconfiguration and signalize the Belgrade Ave/Robert St/Corinth St intersection simplifies circulation, reduces crosswalk length, and creates additional space for public realm activation and green infrastructure.

1 EXPANSION OF ALEXANDER THE GREAT PARK

The expansion of the sidewalk here will greatly increase the usable space at this park. With this additional space, opportunities for small events, public art, and increased planting are created.

2 EXPANDED INTERSECTIONS AT PINEHURST ST + AMHERST ST

Squaring off the Belgrade Ave intersections of both Pinehurst St and Amherst St will reduce crosswalk distances, slow turning vehicles, expand space for bus stops, and create green infrastructure opportunities.

3 EXPANSION OF SIDEWALK IN FRONT OF SQUARE ROOT

This will provide space for outdoor seating in front of Square Root, a beloved cafe and place of community gathering.
