## Opposition to Sale of Harriet Tubman House to New Boston Ventures

---

marlene dupoux

To: michael.a.sinatra@boston.gov

Wed, Dec 4, 2019 at 3:28 PM

Dear Mr. Sinatra and Ms. DaRosa,

I write to express my strong opposition to the sale of the Harriet Tubman House by the United South End Settlements (USES) to the for-profit developer New Boston Ventures.

As you know, the Harriet Tubman House was created to serve the people, particularly Black, Brown and all low income, who were displaced or negatively impacted by Urban Renewal and was constructed specifically as a “Community Service Center” (Land Disposition Agreement, February 22, 1974). The proposed sale will violate not only the “letter of the law” – the restriction placed on USES when the site was “designated” (not sold) for community use, but it further violates the intent of the original plan which was to ameliorate the damage wreaked on South End and Lower Roxbury’s residents by Urban Renewal.

For 45 years, the Harriet Tubman House has served the community as the preeminent site for numerous social services that saved lives. The Harriet Tubman House has also been a beacon of hope, by the very nature of its name, to the many people living in poverty in our community and who need the Harriet Tubman vision of strength and persistence.

I am proud of the City’s recognition of Harriet Tubman as a beloved leader for freedom. I do not want the House -- the services as well as the vision – to be destroyed for a few luxury condos.

Sincerely,

Michael Sinatra &lt;michael.a.sinatra@boston.gov&gt;

To: Michael Sinatra &lt;michael.a.sinatra@boston.gov&gt;, Ebony Darosa &lt;ebony.darosa@boston.gov&gt;

Cc: brian.golden@boston.gov,

Dear Mr. Sinatra and Ms. DaRosa,

I am writing to urge you to put a stop to the sale of the Harriet Tubman House by the United South End Settlements (USES) to the for-profit developer New Boston Ventures.

As you know, the Harriet Tubman House was constructed specifically as a “Community Service Center” (Land Disposition Agreement, February 22, 1974). it was created to serve the people who were displaced or negatively impacted by Urban Renewal. The majority of the people who were hurt by urban renewal and gentrification are low income people of color.

The proposed sale will violate not only the “letter of the law” – the restriction placed on USES when the site was “designated” (not sold) for community use, but it further violates the intent of the original plan which was to ameliorate the damage wreaked on South End and Lower Roxbury’s residents by Urban Renewal.

For 45 years, the Harriet Tubman House has served the community as the preeminent site for numerous social services that saved lives. The Harriet Tubman House has also been a beacon of hope, by the very nature of its name, to the many people living in poverty in our community and who need the Harriet Tubman vision of strength and persistence.

I am proud of the City’s recognition of Harriet Tubman as a beloved leader for freedom. I do not want the House -- the services as well as the vision – to be destroyed for a few luxury condos.

Sincerely,

Sumru Erkut

Dear Ms. Darosa and Mr. Sinatra,

I write to oppose the destruction of the Harriet Tubman Community Center (the Center) at 566 Columbus Avenue, and urge the city to acquire the building to continue the programs with which the Center has become known.

At one of the community meeting hosted by the BPDA, it became clear that the current board of the Center were overly new to their responsibilities, most having served only a few years in that capacity. That one of the board members could state that the Center was not a historic building only underscored a lack of comprehension of their charge.

It should be clear that the Center serves a function which Boston needs to support- a place where diverse individuals can seek the education, support and neighborhood relations that are critical to the life of a city. The need is particularly acute for people of Black and Brown ethnicities. As well, providing work space for non-profit organizations all dedicated to the special needs of Boston fits within the goal of both USES as well as that of the city of Boston. What the South End *does not need* are more market rate condos.

I believe it imperative that the City of Boston either purchase the building and subsidize needed renovations, or make a financial contribution to USES to enable it to preserve the extant programing, revive the programs discontinued in 2017, and make more space for a significant number of rent contributing non-profits.

Sincerely,

Lloyd Fillion

**Jody Leader**

Wed, Dec 4, 2019 at 8:04 PM

To: michael.a.sinatra@boston.gov, ebony.darosa@boston.gov

Cc: brian.golden@boston.gov,

Dear Mr. Sinatra and Ms. DaRosa,

As a Boston-area clinical psychologist, and as a woman of faith, I am writing to you today, urgently, to express my strong opposition to the sale of the Harriet Tubman House by the United South End Settlements (USES) to New Boston Ventures.

The Harriet Tubman House was created to serve black, brown, and low SES people who were displaced or negatively impacted by Urban Renewal. It was constructed specifically as a “Community Service Center” (Land Disposition Agreement, February 22, 1974). The proposed sale will violate the “letter of the law”, i.e., the restriction placed on USES when the site was DESIGNATED (not sold) for community use. The proposed sale further violates the intent of the original plan, which was to ameliorate the damage wreaked on South End and Lower Roxbury’s residents by Urban Renewal.

For 45 years, the Harriet Tubman House has served the community as the preeminent site for numerous social services. These services have saved lives. The Harriet Tubman House has also been a beacon of hope, by the very nature of its name, for many people living in poverty in our community. They are buoyed by Harriet Tubman's vision of strength and persistence.

I am proud of the City’s recognition of Harriet Tubman as a beloved leader for freedom. Do not destroy this building, and all it represents, for luxury condos.

Sincerely,

Jody J. Leader, Ph.D.  
Brookline, MA

Cc: "brian.golden@boston.gov" &lt;brian.golden@boston.gov&gt;,

Dear Michael, dear Ebony

Coming back from attending the powerful and inspiring movie Harriet, I feel even more committed to send this letter to express my strong opposition to the sale of the Harriet Tubman House by the United South End Settlements (USES) to the for-profit developer New Boston Ventures. I have conducted business on this site in the past when it housed much needed HIV/AIDS services among others and friends and family members of mine have used space at the Harriet Tubman House to deliver valuable health services to underserved populations.

As you know, the Harriet Tubman House was created to serve the people, particularly Black, Brown and all low income, who were displaced or negatively impacted by Urban Renewal and was constructed specifically as a "Community Service Center" (Land Disposition Agreement, February 22, 1974). The proposed sale will violate not only the "letter of the law" – the restriction placed on USES when the site was "designated" (not sold) for community use, but it further violates the intent of the original plan which was to ameliorate the damage wreaked on South End and Lower Roxbury's residents by Urban Renewal.

For 45 years, the Harriet Tubman House has served the community as the preeminent site for numerous social services that saved lives. The Harriet Tubman House has also been a beacon of hope, by the very nature of its name, to the many people living in poverty in our community and who need the Harriet Tubman vision of strength and persistence.

I am proud of the City's recognition of Harriet Tubman as a beloved leader for freedom. Popular culture and the federal government are moving to further preserve her legacy through movies or memorialization on currencies. That would be unfortunate for this community institution -- as well as the services and the vision it represents – to be removed from the Massachusetts social, historical and cultural landscape for a few luxury condos.

Sincerely,

Charlot Lucien

24 Coach Lane

Norwood MA 02062
