RE: Support for the Boston Garden Development Project

Dear Mr. Fitzgerald,

I am a resident of the Charlestown neighborhood and I am in support of the Boston Garden Development Project proposed by Boston Properties and Delaware North at 80 Causeway Street.

I believe this project:

- Will improve the area and bring many needed services and activities to my community.
- Promotes smart growth, transit oriented development, vibrancy, and public safety.
- Fills the void along Causeway Street and will complete this neighborhood.
- Will have a positive impact on the Charlestown and North End communities including its residents and businesses.
- Will provide numerous public realm improvements and economic benefits to the area.
- Will enhance the pedestrian experience along Causeway Street and add to the richness of the neighborhood.
- Will add a much needed front door to North Station and the TD Garden.
- Will be a positive addition to the city of Boston and will attract residents and visitors alike.

Please record my name in favor of this project.

Sincerely,
