RE: Support for the Roxbury Prep High School project proposed at 361 Belgrade Ave

Dear Mr. Brian Golden,

I am writing to state my dedicated support for the Roxbury Prep High School project proposed at 361 Belgrade Avenue in Roslindale. As you may know, our scholars are currently spread across two temporary locations over three miles apart, both of which lack a cafeteria, a gym, or performing arts spaces to accommodate all of our students.

The location at 361 Belgrade will give my scholar access to the single-site facility they deserve, all within minutes of several MBTA transit options.

As an engaged resident of Boston, I ask for your support of this project.

Sincerely,

NAME: David Dillard

RE: Apoyo para el proyecto de Roxbury Prep High School propuesto en 361 Belgrade Avenue

Estimada Mr. Brian Golden,

Le escribo para expresar mi apoyo dedicado al proyecto de Roxbury Prep High School propuesto en 361 Belgrade Avenue en Roslindale. Como sabrá, nuestros estudiantes actualmente se encuentran distribuidos en dos ubicaciones temporales a más de tres millas de distancia, y tienen una cafetería, un gimnasio, o espacios de artes escénicas suficiente.

La ubicación en 361 Belgrado le dará a mi estudiante acceso a las instalaciones de un solo sitio que se merecen, todo a minutos de varias opciones de tránsito de MBTA.

Como residente de Boston y un padre / guardián preocupado de un estudiante de Roxbury Prep, le pido su apoyo a este proyecto.

Sinceramente,

RE: Support for the Roxbury Prep High School project proposed at 361 Belgrade Ave

Dear Mr. Brian Golden,

I am writing to state my dedicated support for the Roxbury Prep High School project proposed at 361 Belgrade Avenue in Roslindale. As you may know, these high school students are currently spread across two temporary locations over three miles apart, both of which lack a cafeteria, a gym, or performing arts spaces to accommodate all of these students.

The location at 361 Belgrade will give these students access to the single-site facility they deserve, all within minutes of several MBTA transit options.

As an engaged resident of Boston, I ask for your support of this project.

Sincerely,

Christine Bortolotto

RE: Apoyo para el proyecto de Roxbury Prep High School propuesto en 361 Belgrade Avenue

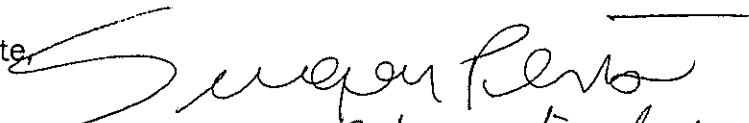

Estimada Mr. Brian Golden,

Le escribo para expresar mi apoyo dedicado al proyecto de Roxbury Prep High School propuesto en 361 Belgrade Avenue en Roslindale. Como sabrá, nuestros estudiantes actualmente se encuentran distribuidos en dos ubicaciones temporales a más de tres millas de distancia, y tienen una cafetería, un gimnasio, o espacios de artes escénicas suficiente.

La ubicación en 361 Belgrado le dará a mi estudiante acceso a las instalaciones de un solo sitio que se merecen, todo a minutos de varias opciones de tránsito de MBTA.

Como residente de Boston y un padre / guardián preocupado de un estudiante de Roxbury Prep, le pido su apoyo a este proyecto.

RE: Support for the Roxbury Prep High School project proposed at 361 Belgrade Ave

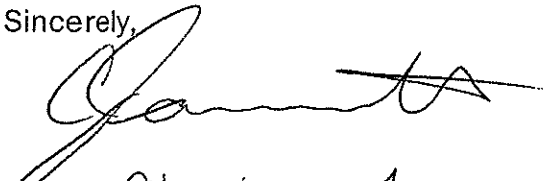

Dear Mr. Brian Golden,

I am writing to state my dedicated support for the Roxbury Prep High School project proposed at 361 Belgrade Avenue in Roslindale. As you may know, our scholars are currently spread across two temporary locations over three miles apart, both of which lack a cafeteria, a gym, or performing arts spaces to accommodate all of our students.

The location at 361 Belgrade will give my scholar access to the single-site facility they deserve, all within minutes of several MBTA transit options.

As an engaged resident of Boston, and a concerned parent/guardian of a Roxbury Prep student, I ask for your support of this project.

Sincerely,

RE: Support for the Roxbury Prep High School project proposed at 361 Belgrade Ave

Dear Mr. Brian Golden,

I am writing to state my dedicated support for the Roxbury Prep High School project proposed at 361 Belgrade Avenue in Roslindale. As you may know, our scholars are currently spread across two temporary locations over three miles apart, both of which lack a cafeteria, a gym, or performing arts spaces to accommodate all of our students.

The location at 361 Belgrade will give my scholar access to the single-site facility they deserve, all within minutes of several MBTA transit options.

As an engaged resident of Boston, I ask for your support of this project.

Sincerely,

NAME: Pauline Galloway

RE: Apoyo para el proyecto de Roxbury Prep High School propuesto en 361 Belgrade Avenue

Estimada Mr. Brian Golden,

Le escribo para expresar mi apoyo dedicado al proyecto de Roxbury Prep High School propuesto en 361 Belgrade Avenue en Roslindale. Como sabrá, nuestros estudiantes actualmente se encuentran distribuidos en dos ubicaciones temporales a más de tres millas de distancia, y tienen una cafetería, un gimnasio, o espacios de artes escénicas suficiente.

La ubicación en 361 Belgrado le dará a mi estudiante acceso a las instalaciones de un solo sitio que se merecen, todo a minutos de varias opciones de tránsito de MBTA.

Como residente de Boston y un padre / guardián preocupado de un estudiante de Roxbury Prep, le pido su apoyo a este proyecto.

Sinceramente,

RE: Support for the Roxbury Prep High School project proposed at 361 Belgrade Ave

Dear Mr. Brian Golden,

I am writing to state my dedicated support for the Roxbury Prep High School project proposed at 361 Belgrade Avenue in Roslindale. As you may know, our scholars are currently spread across two temporary locations over three miles apart, both of which lack a cafeteria, a gym, or performing arts spaces to accommodate all of our students.

The location at 361 Belgrade will give my scholar access to the single-site facility they deserve, all within minutes of several MBTA transit options.

As an engaged resident of Boston, and a concerned parent/guardian of a Roxbury Prep student, I ask for your support of this project.

Sincerely,

NAME:

Sea Fousaint

RE: Apoyo para el proyecto de Roxbury Prep High School propuesto en 361 Belgrade Avenue

Estimada Mr. Brian Golden,

Le escribo para expresar mi apoyo dedicado al proyecto de Roxbury Prep High School propuesto en 361 Belgrade Avenue en Roslindale. Como sabrá, nuestros estudiantes actualmente se encuentran distribuidos en dos ubicaciones temporales a más de tres millas de distancia, y tienen una cafetería, un gimnasio, o espacios de artes escénicas suficiente.

La ubicación en 361 Belgrado le dará a mi estudiante acceso a las instalaciones de un solo sitio que se merecen, todo a minutos de varias opciones de tránsito de MBTA.

Como residente de Boston y un padre / guardián preocupado de un estudiante de Roxbury Prep, le pido su apoyo a este proyecto.

Sinceramente,

NOMBRE: *Supan*

RE: Support for the Roxbury Prep High School project proposed at 361 Belgrade Ave

Dear Mr. Brian Golden,

I am writing to state my dedicated support for the Roxbury Prep High School project proposed at 361 Belgrade Avenue in Roslindale. As you may know, our scholars are currently spread across two temporary locations over three miles apart, both of which lack a cafeteria, a gym, or performing arts spaces to accommodate all of our students.

The location at 361 Belgrade will give my scholar access to the single-site facility they deserve, all within minutes of several MBTA transit options.

As an engaged resident of Boston, and a concerned parent/guardian of a Roxbury Prep student, I ask for your support of this project.

Sincerely,

RE: Apoyo para el proyecto de Roxbury Prep High School propuesto en 361 Belgrade Avenue

Estimado Mr. Brian Golden,

Le escribo para expresar mi apoyo dedicado al proyecto de Roxbury Prep High School propuesto en 361 Belgrade Avenue en Roslindale. Como sabrá, nuestros estudiantes actualmente se encuentran distribuidos en dos ubicaciones temporales a más de tres millas de distancia, y tienen una cafetería, un gimnasio, o espacios de artes escénicas suficiente.

La ubicación en 361 Belgrade le dará a mi estudiante acceso a las instalaciones de un solo sitio que se merecen, todo a minutos de varias opciones de tránsito de MBTA.

Como residente de Boston, le pido su apoyo a este proyecto.

Sinceramente,

NOMBRE: JOSE B. LOPEZ

RE: Support for the Roxbury Prep High School project proposed at 361 Belgrade Ave

Dear Mr. Brian Golden,

I am writing to state my dedicated support for the Roxbury Prep High School project proposed at 361 Belgrade Avenue in Roslindale. As you may know, our scholars are currently spread across two temporary locations over three miles apart, both of which lack a cafeteria, a gym, or performing arts spaces to accommodate all of our students.

The location at 361 Belgrade will give my scholar access to the single-site facility they deserve, all within minutes of several MBTA transit options.

As an engaged resident of Boston, and a concerned parent/guardian of a Roxbury Prep student, I ask for your support of this project.

Sincerely,

NAME: Paul Uccello

RE: Apoyo para el proyecto de Roxbury Prep High School propuesto en 361 Belgrade Avenue

Estimada Mr. Brian Golden,

Le escribo para expresar mi apoyo dedicado al proyecto de Roxbury Prep High School propuesto en 361 Belgrade Avenue en Roslindale. Como sabrá, nuestros estudiantes actualmente se encuentran distribuidos en dos ubicaciones temporales a más de tres millas de distancia, y tienen una cafetería, un gimnasio, o espacios de artes escénicas suficiente.

La ubicación en 361 Belgrado le dará a mi estudiante acceso a las instalaciones de un solo sitio que se merecen, todo a minutos de varias opciones de tránsito de MBTA.

Como residente de Boston y un padre / guardián preocupado de un estudiante de Roxbury Prep, le pido su apoyo a este proyecto.

Sinceramente,

Rosa Jaramilla

RE: Support for the Roxbury Prep High School project proposed at 361 Belgrade Ave

Dear Mr. Brian Golden,

I am writing to state my dedicated support for the Roxbury Prep High School project proposed at 361 Belgrade Avenue in Roslindale. As you may know, these high school students are currently spread across two temporary locations over three miles apart, both of which lack a cafeteria, a gym, or performing arts spaces to accommodate all of these students.

The location at 361 Belgrade will give these students access to the single-site facility they deserve, all within minutes of several MBTA transit options.

As an engaged resident of Boston, I ask for your support of this project.

Sincerely,

RE: Support for the Roxbury Prep High School project proposed at 361 Belgrade Ave

Dear Mr. Brian Golden,

I am writing to state my dedicated support for the Roxbury Prep High School project proposed at 361 Belgrade Avenue in Roslindale. As you may know, our scholars are currently spread across two temporary locations over three miles apart, both of which lack a cafeteria, a gym, or performing arts spaces to accommodate all of our students.

The location at 361 Belgrade will give my scholar access to the single-site facility they deserve, all within minutes of several MBTA transit options.

As an engaged resident of Boston, and a concerned parent/guardian of a Roxbury Prep student, I ask for your support of this project.

Sincerely,

NAME:

Mary Murch

RE: Apoyo para el proyecto de Roxbury Prep High School propuesto en 361 Belgrade Avenue

Estimada Mr. Brian Golden,

Le escribo para expresar mi apoyo dedicado al proyecto de Roxbury Prep High School propuesto en 361 Belgrade Avenue en Roslindale. Como sabrá, nuestros estudiantes actualmente se encuentran distribuidos en dos ubicaciones temporales a más de tres millas de distancia, y tienen una cafetería, un gimnasio, o espacios de artes escénicas suficiente.

La ubicación en 361 Belgrado le dará a mi estudiante acceso a las instalaciones de un solo sitio que se merecen, todo a minutos de varias opciones de tránsito de MBTA.

Como residente de Boston y un padre / guardián preocupado de un estudiante de Roxbury Prep, le pido su apoyo a este proyecto.

Sinceramente,

RE: Support for the Roxbury Prep High School project proposed at 361 Belgrade Ave

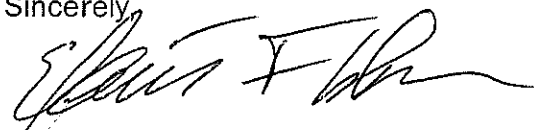

Dear Mr. Brian Golden,

I am writing to state my dedicated support for the Roxbury Prep High School project proposed at 361 Belgrade Avenue in Roslindale. As you may know, our scholars are currently spread across two temporary locations over three miles apart, both of which lack a cafeteria, a gym, or performing arts spaces to accommodate all of our students.

The location at 361 Belgrade will give my scholar access to the single-site facility they deserve, all within minutes of several MBTA transit options.

As an engaged resident of Boston, and a concerned parent/guardian of a Roxbury Prep student, I ask for your support of this project.

Sincerely,

NAME: Margarita Rosa

RE: Apoyo para el proyecto de Roxbury Prep High School propuesto en 361 Belgrade Avenue

Estimado Mr. Brian Golden,

Le escribo para expresar mi apoyo dedicado al proyecto de Roxbury Prep High School propuesto en 361 Belgrade Avenue en Roslindale. Como sabrá, nuestros estudiantes actualmente se encuentran distribuidos en dos ubicaciones temporales a más de tres millas de distancia, y tienen una cafetería, un gimnasio, o espacios de artes escénicas suficiente.

La ubicación en 361 Belgrado le dará a mi estudiante acceso a las instalaciones de un solo sitio que se merecen, todo a minutos de varias opciones de tránsito de MBTA.

Como residente de Boston, le pido su apoyo a este proyecto.

Sinceramente,

RE: Support for the Roxbury Prep High School project proposed at 361 Belgrade Ave

Dear Mr. Brian Golden,

I am writing to state my dedicated support for the Roxbury Prep High School project proposed at 361 Belgrade Avenue in Roslindale. As you may know, our scholars are currently spread across two temporary locations over three miles apart, both of which lack a cafeteria, a gym, or performing arts spaces to accommodate all of our students.

The location at 361 Belgrade will give my scholar access to the single-site facility they deserve, all within minutes of several MBTA transit options.

As an engaged resident of Boston, I ask for your support of this project.

Sincerely,

NAME: Michael Baird

RE: Apoyo para el proyecto de Roxbury Prep High School propuesto en 361 Belgrade Avenue

Estimado Mr. Brian Golden,

Le escribo para expresar mi apoyo dedicado al proyecto de Roxbury Prep High School propuesto en 361 Belgrade Avenue en Roslindale. Como sabrá, nuestros estudiantes actualmente se encuentran distribuidos en dos ubicaciones temporales a más de tres millas de distancia, y tienen una cafetería, un gimnasio, o espacios de artes escénicas suficiente.

La ubicación en 361 Belgrado le dará a mi estudiante acceso a las instalaciones de un solo sitio que se merecen, todo a minutos de varias opciones de tránsito de MBTA.

Como residente de Boston, le pido su apoyo a este proyecto.

Sinceramente,

NOMBRE: Socorro Hernandez

RE: Support for the Roxbury Prep High School project proposed at 361 Belgrade Ave

Dear Mr. Brian Golden,

I am writing to state my dedicated support for the Roxbury Prep High School project proposed at 361 Belgrade Avenue in Roslindale. As you may know, our scholars are currently spread across two temporary locations over three miles apart, both of which lack a cafeteria, a gym, or performing arts spaces to accommodate all of our students.

The location at 361 Belgrade will give my scholar access to the single-site facility they deserve, all within minutes of several MBTA transit options.

As an engaged resident of Boston, I ask for your support of this project.

Sincerely,

NAME: Nancy David

Dear Mr. Brian Golden,

I am writing to state my dedicated support for the Roxbury Prep High School project proposed at 361 Belgrade Avenue in Roslindale. As you may know, our scholars are currently spread across two temporary locations over three miles apart, both of which lack a cafeteria, a gym, or performing arts spaces to accommodate all of our students.

The location at 361 Belgrade will give my scholar access to the single-site facility they deserve, all within minutes of several MBTA transit options.

As an engaged resident of Boston, I ask for your support of this project.

Sincerely,

NAME: Ana Dalton

RE: Apoyo para el proyecto de Roxbury Prep High School propuesto en 361 Belgrade Avenue

Estimado Mr. Brian Golden,

Le escribo para expresar mi apoyo dedicado al proyecto de Roxbury Prep High School propuesto en 361 Belgrade Avenue en Roslindale. Como sabrá, nuestros estudiantes actualmente se encuentran distribuidos en dos ubicaciones temporales a más de tres millas de distancia, y tienen una cafetería, un gimnasio, o espacios de artes escénicas suficiente.

La ubicación en 361 Belgrado le dará a mi estudiante acceso a las instalaciones de un solo sitio que se merecen, todo a minutos de varias opciones de tránsito de MBTA.

Como residente de Boston, le pido su apoyo a este proyecto.

Sinceramente,

RE: Support for the Roxbury Prep High School project proposed at 361 Belgrade Ave

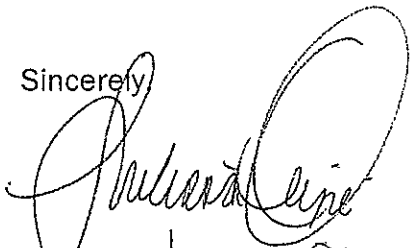

Dear Mr. Brian Golden,

I am writing to state my dedicated support for the Roxbury Prep High School project proposed at 361 Belgrade Avenue in Roslindale. As you may know, our scholars are currently spread across two temporary locations over three miles apart, both of which lack a cafeteria, a gym, or performing arts spaces to accommodate all of our students.

The location at 361 Belgrade will give my scholar access to the single-site facility they deserve, all within minutes of several MBTA transit options.

As an engaged resident of Boston, and a concerned parent/guardian of a Roxbury Prep student, I ask for your support of this project.

Sincerely,

NAME: DAVID TRIMMER

RE: Apoyo para el proyecto de Roxbury Prep High School propuesto en 361 Belgrade Avenue

Estimada Mr. Brian Golden,

Le escribo para expresar mi apoyo dedicado al proyecto de Roxbury Prep High School propuesto en 361 Belgrade Avenue en Roslindale. Como sabrá, nuestros estudiantes actualmente se encuentran distribuidos en dos ubicaciones temporales a más de tres millas de distancia, y tienen una cafetería, un gimnasio, o espacios de artes escénicas suficiente.

La ubicación en 361 Belgrado le dará a mi estudiante acceso a las instalaciones de un solo sitio que se merecen, todo a minutos de varias opciones de tránsito de MBTA.

Como residente de Boston y un padre / guardián preocupado de un estudiante de Roxbury Prep, le pido su apoyo a este proyecto.

Sinceramente,

NOMBRE: *Bella's Pimentel*

RE: Apoyo para el proyecto de Roxbury Prep High School propuesto en 361 Belgrade Avenue

Estimado Mr. Brian Golden,

Le escribo para expresar mi apoyo dedicado al proyecto de Roxbury Prep High School propuesto en 361 Belgrade Avenue en Roslindale. Como sabrá, nuestros estudiantes actualmente se encuentran distribuidos en dos ubicaciones temporales a más de tres millas de distancia, y tienen una cafetería, un gimnasio, o espacios de artes escénicas suficiente.

La ubicación en 361 Belgrado le dará a mi estudiante acceso a las instalaciones de un solo sitio que se merecen, todo a minutos de varias opciones de tránsito de MBTA.

Como residente de Boston, le pido su apoyo a este proyecto.

Sinceramente,

NOMBRE: Roxana Aguilar Hoyo

Dear Mr. Brian Golden,

I am writing to state my dedicated support for the Roxbury Prep High School project proposed at 361 Belgrade Avenue in Roslindale. As you may know, our scholars are currently spread across two temporary locations over three miles apart, both of which lack a cafeteria, a gym, or performing arts spaces to accommodate all of our students.

The location at 361 Belgrade will give my scholar access to the single-site facility they deserve, all within minutes of several MBTA transit options.

As an engaged resident of Boston, I ask for your support of this project.

Sincerely,

NAME: Glorivette Beyes

RE: Apoyo para el proyecto de Roxbury Prep High School propuesto en 361 Belgrade Avenue

Estimada Mr. Brian Golden,

Le escribo para expresar mi apoyo dedicado al proyecto de Roxbury Prep High School propuesto en 361 Belgrade Avenue en Roslindale. Como sabrá, nuestros estudiantes actualmente se encuentran distribuidos en dos ubicaciones temporales a más de tres millas de distancia, y tienen una cafetería, un gimnasio, o espacios de artes escénicas suficiente.

La ubicación en 361 Belgrado le dará a mi estudiante acceso a las instalaciones de un solo sitio que se merecen, todo a minutos de varias opciones de tránsito de MBTA.

Como residente de Boston y un padre / guardián preocupado de un estudiante de Roxbury Prep, le pido su apoyo a este proyecto.

Sinceramente,

RE: Support for the Roxbury Prep High School project proposed at 361 Belgrade Ave

Dear Mr. Brian Golden,

I am writing to state my dedicated support for the Roxbury Prep High School project proposed at 361 Belgrade Avenue in Roslindale. As you may know, these high school students are currently spread across two temporary locations over three miles apart, both of which lack a cafeteria, a gym, or performing arts spaces to accommodate all of these students.

The location at 361 Belgrade will give these students access to the single-site facility they deserve, all within minutes of several MBTA transit options.

As an engaged resident of Boston, I ask for your support of this project.

Sincerely,

NAME: Kimberly Terrence
ADDRESS (number, street, neighborhood):

23 Holiday Street
Dorchester, MA 02122

Dear Aisling Kerr,

I am writing to state my dedicated support for the Roxbury Prep High School project proposed at 361 Belgrade Avenue in Roslindale.

As you may know, these high school students are currently spread across two temporary locations over three miles apart, both of which lack a cafeteria, a gym, performing arts spaces, or adequate space for laboratory equipment to accommodate all of these students.

The location at 361 Belgrade will give these students access to the single-site facility they deserve, all within minutes of several MBTA transit options.

I have several friends working for RPHS as teachers. They are among the most dedicated, smart, enthusiastic, and passionate people that I know. The school is filled with hardworking teachers and students who deserve better accommodations. One of their most significant difficulties is the lack of space and permanent location, I have heard from many of these teachers that this lack of space is detrimental to their teaching. The school needs space for teaching, learning, and growing roots in a place, to have a feeling of belonging and home.

As an engaged resident of Boston, I ask for your support of this truly wonderful project.

Sincerely,
Rachel Willen

Dear Aisling Kerr,

We am writing to state my dedicated support for the Roxbury Prep High School project proposed at 361 Belgrade Avenue in Roslindale. As you may know, these high school students are currently spread across two temporary locations over three miles apart, both of which lack a cafeteria, a gym, or performing arts spaces to accommodate all of these students.

The location at 361 Belgrade will give these students access to the single-site facility they deserve, all within minutes of several MBTA transit options.

As an engaged resident of Boston, I ask for your support of this project. In addition, our son is a teacher and coach at Roxbury Prep. He has expressed his concern for the well being of his students and all the students in the school because of the problems caused by the school's being in two disparate locations as well as the absence of a large enough cafeteria, gym, and performing art space.

Sincerely,

Jim and Michelle Duane

Dear Aisling Kerr,

I couldn't make it to the City Hall Open House on Monday night in West Roxbury but I am writing to let you know that I support Roxbury Prep's high school project at 361 Belgrade Ave.

The school has put in the work to inform the community about their proposal and I hope to see some progress on this initiative very soon. Please reach out if you want to hear more about why I want this high-quality public school in my community.

Sincerely,

Dear Aisling Kerr,

I am writing to state my dedicated support for the Roxbury Prep High School project proposed at 361 Belgrade Avenue in Roslindale. As you may know, these high school students are currently spread across two temporary locations over three miles apart, both of which lack a cafeteria, a gym, or performing arts spaces to accommodate all of these students.

The location at 361 Belgrade will give these students access to the single-site facility they deserve, all within minutes of several MBTA transit options.

As an engaged resident of Boston and an educator at RPHS, I ask for your support of this project. I moved to Roslindale from NYC to work with Uncommon and purposely chose Roslindale because of the community. I know my students would also benefit from seeing neighborhoods outside of theirs.

Sincerely,
Monique Lomax
55 Selwyn St Roslindale, MA 02131-1537

Dear Aisling Kerr,

I support Roxbury Prep High School's project proposed at 361 Belgrade Ave. in Roslindale. Even if you DON'T support charter schools in general, this school already exists. We also, need more opportunities for kids in the area.

These high school students are currently spread across two temporary locations over five miles apart, both of which lack a cafeteria, a gym, or performing arts spaces. Why are we having them travel across the city to multiple locations when they could commute to just one?

The location at 361 Belgrade will give these students the facility they deserve, with easy transportation access via the Commuter Rail and multiple bus lines. This new building will be an asset to both the students and the community. The school states they will allow the community to also use the space. This could include a facility for weekend sports programs, local classes, or events.

I ask for your support of this project. I run by this old eye sore almost every morning, why would we add anything else into that space? More apartments or condos that will take up more space than high schoolers? These kids will add value and worth to this neighborhood. I was proud to move to Boston after I left the military because it was going to allow my future children to be around diversity and culture; something I learned to value and something Boston could do more learning from.

I hope to hear a reply from your office soon. The school is willing to work with the city and community to compromise, you should do the same. Thank you!

Sincerely,
Katherine Chousa

Dear Aisling Kerr,

Hi,

I am an English teacher for adults and I have had students who have their kids in Roxbury Prep. They say it's a great school and they need a campus for those kids!!

I, personally, think the attacks against having the school located at 361 Belgrade are rooted in racism and there's no room for that in our community. We need to support this hard working school and have a place for these hard working kids to learn.

I support Roxbury Prep High School's project proposed at 361 Belgrade Ave. in Roslindale. These high school students are currently spread across two temporary locations over five miles apart, both of which lack a cafeteria, a gym, or performing arts spaces.

The location at 361 Belgrade will give these students the facility they deserve, with easy transportation access via the Commuter Rail and multiple bus lines. This new building will be an asset to both the students and the community.

I ask for your support of this project. I hope to hear a reply from your office soon. Thank you!

Dear Aisling Kerr,

I support Roxbury Prep High School's project proposed at 361 Belgrade Ave. in Roslindale. The school has pledged their support of our community, and allowing access to their gym space for our local sports teams. They have answered the need for more parking by creating under ground spaces for teachers. They have completely answered the questions of traffic congestion in the area, pointing out the availability of the public transportation and no students being permitted to drive to school. If the issue comes up about the size of the school, that too has been addressed by comparison to the other charter schools in Boston, that have been recently built or renovated.

We need the school in our neighborhood. If the thought that additional housing is needed, that will only make congestion at that intersection even worse.

Please allow these Boston students to have a great new building in our neighborhood. Let's show them how much they mean to us as the future leaders of this city.

Thanks,
Scott

Sincerely,
Scott Bortolotto

Dear Aisling Kerr,

I support Roxbury Prep High School's project proposed at 361 Belgrade Ave. in Roslindale. These high school students are currently spread across two temporary locations over five miles apart, both of which lack a cafeteria, a gym, or performing arts spaces.

The location at 361 Belgrade will give these students the facility they deserve, with easy transportation access via the Commuter Rail and multiple bus lines. This new building will be an asset to both the students and the community.

I ask for your support of this project. I hope to hear a reply from your office soon. Thank you!

Sincerely,
Vicky Seelen
58 Fletcher St Roslindale, MA 02131-1918

Dear Aisling Kerr,

As a lifelong Roslindale resident who believes that public schools DESERVE our enthusiastic support, I heartily approve of the proposed Roxbury Prep school moving into my neighborhood!

Despite the fact that this use of the site may cause me some small annoyances, as I live just off Belgrade, a couple of blocks away, I still support this project, because THESE KIDS ARE OUR KIDS and we owe them the best resources that we can possible give them. It would be extremely hypocritical of us to proclaim ourselves supporters of public education but then quibble over a few parking spaces or increased traffic.

I travel by the site every day, whether by foot, bus, or car, and Belgrade has really been under-utilized for years, and that is not a residential space. In my opinion, it is a great use of the site, being a reverse commute on the Commuter Rail and several bus lines.

Rozzie has NEVER had a public high school, and now that the only high school in West Roxbury is closing, our area deserves to have at least one option for our neighborhood kids. I appreciate the rigor and high behavioral standards that Roxbury Prep offers, so I think they would make a great neighbor and option for our kids.

I support Roxbury Prep High School's project proposed at 361 Belgrade Ave. in Roslindale. These high school students are currently spread across two temporary locations over five miles apart, both of which lack a cafeteria, a gym, or performing arts spaces.

The location at 361 Belgrade will give these students the facility they deserve, with easy transportation access via the Commuter Rail and multiple bus lines. This new building will be an asset to both the students and the community.

I ask for your support of this project. I hope to hear a reply from your office soon. I will be watching the process and hope to attend BPDA meetings to support them. Thank you!

Sincerely,
Pamela Fair

Dear Aisling Kerr,

Councilors,

Those of you in my district who do not support the construction of Roxbury Prep High School at 361 Belgrade will have lost one (and likely more as many neighbors feel the same) vote at your next election. I cannot support councilors who do not support a high-quality high school in my neighborhood, one that currently has zero public high school options. Your position on this shows clearly who you are on many, many issues.

Roxbury Prep students are currently spread across two temporary locations over five miles apart, both of which lack a cafeteria, a gym, or performing arts spaces.

The location at 361 Belgrade will give these students the facility they deserve, with easy transportation access via the Commuter Rail and multiple bus lines. This new building will be an asset to both the students and the community.

Dear Aisling Kerr,

I am writing this email to again express my support for the Roxbury Prep project and to urge you to take swift action and back this project publicly.

I have spent the summer canvassing my neighborhood and have met many neighbors who similarly support the project. While there are still details to be worked out, I believe that with the political will, this project can come to fruition.

In light of Mayor Walsh's recent reveal of the Build BPS initiative, this project presents the opportunity for a "shovel ready" project that will give Roslindale a much needed high school and at considerable savings to tax payers.

I ask for your support of this project. I hope to hear a reply from your office soon. Thank you!

Dear Aisling Kerr,

The note below is well-written and I agree with all of it. In addition to those words, I want to say that having one cohesive school in a new location- and having a high school in Roslindale- would be fantastic. The location and aesthetic appeal of a school are so important to the school dynamic and education. Kids going to Boston Latin are “commuters” from all over the city. The kids going to this school may not be solely from Rozzie and West Rox, but that means nothing. Let’s give them a good education and a welcome to Roslindale. Please don’t let your donors sway good sense here.

Dear Aisling Kerr,

I support the Roxbury Prep High School proposal for 361 Belgrade Ave to come in to my long-time neighborhood in Roslindale. I live just a short walk down Belgrade from there, and I think it is a great use of that space, with transportation available via the Commuter Rail and several bus lines from the Orange Line Forest Hills Station. Roslindale hasn't had a public high school in over forty years, and I would be happy to support a local school in my neighborhood.

My family and I weighed the pros and cons of the proposal for about a year, and I am happy that Roxbury Prep listened to neighborhood concerns and tweaked their original proposal. I haven't heard anything that makes this proposal unworkable, in my opinion, and I am excited by their plans. I expected the "not-in-my-backyard" response that typically meets any new project, though I was horrified at comments from some community members about "those kids," as though they are not our kids, from Boston. Students deserve the better facility that this project can deliver, and the students' needs should trump any inconveniences that opponents may cite.

It is sad to hear that Roxbury Prep has searched for years for a piece of property to develop, and that they presently make do by using two buildings, miles apart, each without basic resources like a cafeteria or gym. Please support their efforts to find a permanent home for these public school students, and turn this vacant property into a beautiful school which would be an asset for the entire Roslindale community for generations to come!

I ask for your support of this project. I hope to hear a reply from your office soon. Thanks for your consideration!

Sincerely,
Robert Fair

I support Roxbury Prep High School's project proposed at 361 Belgrade Ave. in Roslindale. These high school students are currently spread across two temporary locations over five miles apart, both of which lack a cafeteria, a gym, or performing arts spaces.

The location at 361 Belgrade will give these students the facility they deserve, with easy transportation access via the Commuter Rail and multiple bus lines. This new building will be an asset to both the students and the community.

Also, the opposition to this school is mostly fueled by fear of kids from "other" City neighborhoods (many of which are minority) coming to our neighborhood. Please understand that I am part of a large constituency that welcomes these students with open arms.

I ask for your support of this project. I hope to hear a reply from your office soon. Thank you!

Sincerely,
Mary Corbet

Dear Aisling Kerr,

I support Roxbury Prep High School's project proposed at 361 Belgrade Ave. in Roslindale. These high school students are currently spread across two temporary locations over five miles apart, both of which lack a cafeteria, a gym, or performing arts spaces.

The location at 361 Belgrade will give these students the facility they deserve, with easy transportation access via the Commuter Rail and multiple bus lines. This new building will be an asset to both the students and the community.

I disagree with the traffic congestion argument against this proposal based all the new multi unit developments in West Roxbury that received the green light despite increasing density and traffic. I am disappointed by the elected officials who already oppose the project before the full review process has begun.

I ask for your support of this project. I hope to hear a reply from your office soon. Thank you!

Sincerely,
Denise Monks

Dear Aisling Kerr,

I've seen several signs opposing Roxbury Prep in my neighborhood. I'm writing to strongly support the project, and I'm glad to see the growth in favorable signs nearby as well.

The best thing Boston can do to improve the quality of life for our residents is to improve the school system. I hate when new parents think of their young child as a "ticking time bomb" forcing them to move to the suburbs for the schools.

Now that West Roxbury High School and other schools will be closing, there's a tremendous need for new, state of the art schools all over the city and especially here in Southwest Boston.

The proposal for Roxbury Prep is a terrific location for public transportation, which should also benefit our neighborhood. Please join the many Bostonians and residents of Roslindale and West Roxbury who support the new school.

Sincerely,
Laurence Kranich

Dear Aisling Kerr,

We support Roxbury Prep High School's project proposed at 361 Belgrade Ave. in Roslindale. These high school students are currently spread across two temporary locations over five miles apart, both of which lack a cafeteria, a gym, or performing arts spaces.

The location at 361 Belgrade will give these students the facility they deserve, with easy transportation access via the Commuter Rail and multiple bus lines. This new building will be an asset to both the students and the community.

We drive past this location most days. We live in Roslindale but regularly shop at Roche Brothers, CVS, Blanchard's, use the library, and almost daily are at the YMCA. We are sensitive to traffic concerns expressed by some, but believe that the uptick in vehicular traffic will be minimal, given that most students will be coming on the much more convenient public transportation of the commuter rail and buses.

Were the school not built there, our guess is that new condos and apartments would soon appear, probably at unaffordable prices, and certainly with more traffic congestion than this school will bring.

Our biggest reason for wanting this school to come to that location is to provide these kids from this very good school one campus where they can learn and grow together. This would also provide a high school opportunity right in Roslindale/West Roxbury for kids from the community, something not so available now.

We ask for your support of this project. I hope to hear a reply from your office soon. Thank you!

Dave and Karen Hinchon

Dear Aisling Kerr,

I live nearby 361 Belgrade and I strongly support Roxbury Prep High School being built. I think the traffic concerns are overblown, and residents who oppose the school are selfishly worried about property values.

I think the benefit of this safe, clean site for the school outweighs any added inconveniences to us residents living here. We must think of the future generation!

These high school students are currently spread across two temporary locations over five miles apart, both of which lack a cafeteria, a gym, or performing arts spaces.

Dear Aisling Kerr,

I rarely reach out about political reasons, but I have been troubled with the toxic rhetoric surrounding the Roxbury Prep project in my neighborhood. While some people have expressed concerns about traffic, my experience working at another local school (APR in Hyde Park) has been that almost all students take MBTA transportation from surrounding neighborhoods. I also feel the need to add my belief that a lot of the animus comes from lingering racial tensions in Boston. Simply put, I think our neighborhood will be better, not worse, when welcoming promising young people of color who will be future leaders. While fear of difference can be a powerful motivator, I work with young Black and Latino kids every day, and think one of the best things we can do as a community is make them feel welcome.

I support Roxbury Prep High School's project proposed at 361 Belgrade Ave. in Roslindale. These high school students are currently spread across two temporary locations over five miles apart, both of which lack a cafeteria, a gym, or performing arts spaces.

The location at 361 Belgrade will give these students the facility they deserve, with easy transportation access via the Commuter Rail and multiple bus lines. This new building will be an asset to both the students and the community.

[Uncommon Schools \(PDF\)](#)

Owner and Founder of Roxbury Prep found guilty of civil rights violation by United States Office of Education Office of Civil Rights, case 02 17 1015 2018 . PUBLIC SHOULD BE NOTIFIED.

We do not want a tax shelter blocking the major arteries of Roslindale and West Roxbury. We do not want to pay for this tax shelter. This is a lottery school and after all Roxbury Prep students are admitted then the school is open to a state lottery -- NOT THE STUDENTS OF ROSLINDALE WEST ROXBURY .

The deception so far practiced upon the population of our area is an indication of the lack of veracity of this school. Neither could we trust the sincerity of the current plans for the school. They would not be feasible to this tax shelter. Also, The attrition rate for this school is very high. What happens to the unfortunate load of students thrown out by this school? Where do they go?

Sincerely,

Susan Donlan 100 Stratford WR

Aisling -

I already filed an official public comment about the proposed project; however, I just got a mailing from GBANA.

I am wholly in support of the project — although it seems like I'm swimming in a sea of protest. My belief is that we should welcome a high quality school to the area. We are already known for several high quality private schools.. elementary and high school. Why not another? If a condo were built there, the traffic would be even worse! Progress always has dissenters. I welcome these students, teachers and staff with open arms.

Best,

Anne

Subject: Opposition to Charter High School at 361 Belgrade Avenue, West Roxbury
From: Rosemary McAndrew <[REDACTED]>
To: [REDACTED]
Date Sent: Wednesday, January 30, 2019 12:20:04 PM GMT-05:00
Date Received: Wednesday, January 30, 2019 12:20:15 PM GMT-05:00

Dear Ms. Kerr:

My name is Rosemary McAndrew and **I want to go on record as opposing the proposed building** of a Charter High School at 361 Belgrade Avenue, West Roxbury.

This project - including the "scaled down" proposal - is too large for the proposed site and will adversely affect the impacted neighborhood, where my husband and I reside.

Our opposition has much to do with the project location which is at the gateway to West Roxbury. The notion that all students will use public transportation, at a MBTA stop which is already overloaded, is an example of the lack of concern for the daily lives of those of us residing in the community.

Following the highly dubious statement that all students will use public transportation in their statement is confirmation that the 67 staff members will fit into 76 parking spots. This is another example of the lack of concern for the daily lives of those of us residing in the community. Overflow of parking will end up where? On Belgrade Avenue? Into the neighborhoods, which is what we already contend with from Commuter Rail commuters on a daily basis?

The fact that this continues to be an issue of consideration is hard for me to understand. Again, I am 100% against this proposal.

Thank you.

Date Received: Wednesday, January 30, 2019 12:42:17 PM GMT-05:00

Good Afternoon Aisling,

I am sending this email on behalf of my husband and myself.

We would like to go on record as being AGAINST the Roxbury Prep School being built on the small site of Clay Chevrolet, 361 Belgrade Ave in Roslindale.

I have read with interest, those who say this project will not impact an already congested intersection. I would like to reiterate what I have written earlier to the BRA and to our State officials. The traffic each workday starting at 6AM until 9AM just can't be disputed. There are also two other projects that have been approved within hundreds of yards of 361. One of these projects has already broken ground while the other diagonally across the street has received City Hall approval, but they have not broken ground. Each of these projects are adding cars and congestion to this area...certainly not helping with Green Space.

Although, we have heard from the Mayor and other officials that " they" are helping this school look for another site we have not heard of one site as yet. I have read in letters to the editor in our local paper some residents are suggesting WR High. If this is a non-starter would love to know why. Seems to be a good compromise.

As a very long standing member of the WR Council and Zoning, I would sincerely ask the City to look to Smart Planning with the limited space that we have and to NOT approve this site as a school.

Thank you,

Judy and Dan Settana

As a life long resident of West Roxbury, I feel i must express my opposition to the proposed development of the former Clay Chevrolet Site at the corner of the West Roxbury Parkway and Belgrade Avenue.

I have many reasons for opposing this particular use of the site for a "Charter School", particularly one of the size and scope being considered.

First of all, why a "charter school"? I think it is time to re-look at our Boston Public Schools to determine why they are failing! I personally attended Boston Public Schools which were once considered some of the best in the country - i think that something is horribly wrong when everyone in the city will not even consider sending their child to a public school. So perhaps that is where we should be putting forth our efforts.

Secondly, why would anyone want to build in an already over populated area which is being over developed by the day! The entire character of our part of the city has undergone a radical change - not for the better, thanks to Mayor Walsh who sides only with developers, never with the residents who elected him. Time for that to change.

With the amount of opposition expressed toward this project already, it is evident that this school should not be built on this site, and perhaps if it is even necessary at all, which is questionable, it could move into the former West Roxbury High School or one of the other Boston Schools that are so readily abandoned -

Much more consideration needs to be given to the congestion, neighborhood changes and the identity of the community instead of the requests of a few who have no vested interest in our local community or economy.

The same goes for all the other over building of the multi dwelling complexes that seem to so easily get permitted despite neighborhood opposition. Zoning and public outcry seem to take a backseat to contractors bottom line in Mr. Walsh's view - poor politics if you ask me.

I am strongly opposed to the proposal to build another charter school at the corner of Belgrade Ave and the West Roxbury Parkway.

I am among the hundreds of neighbors of 361 Belgrade Avenue, Roslindale, who oppose the construction of a facility at 361 Belgrade Ave. that will accommodate 600+ individuals.

I support the development of this location, but in adherence to City zoning restrictions, including Article 29 of the Boston Zoning Code which pertains to land within the Greenbelt Overlay Protection District, and in conformity with the existing neighborhood's landscape. The revised proposal does not address the neighborhood's concerns, meaningfully or adequately, particularly when considering the neighboring developments already approved by the BPDA.

I agree with the consensus of the immediate impacted neighborhoods that this project is not appropriate for this location.

I appeal to you for the responsible urban planning and development of our neighborhood.

Dear Ms. Kerr,

I would like to comment on the proposed Roxbury Prep proposal. I own a home in West Roxbury over by Roxbury Latin School at the top of the Lagrange Street. I have been a resident for any years, 1963. I am very familiar with the Needham Commuter rail and local buses as I am a frequent user of public transportation for work and living.

I really can not envision trying to squeeze a high school and students into that small space already very congested with traffic and the Holy Name School. There does not seem to be enough room for student travel, sports, activities in the tiny old automobile site to safely exist with the already congested space.

I will try to go to the Feb. 13th meeting scheduled as tonight's Jan.30 meeting is too cold as I do not drive and that location chosen is only accessible by the number 38 Wren St. bus and it is too cold for me to venture out that far late at night on foot.

Thank you for your attention.

Ann Budreika

Hello,

I just wanted to express my full support for the building of Roxbury prep at 361 Belgrade Ave. in Roslindale. I live across the street and I understand there are some concerns but I think ultimately that the addition of the school to our neighborhood will make it better. I know there is a campaign to get people to email you to tell you they are against this but as a neighbor I wanted to tell you I support it and I hope you will make note of that.

Best,

Talya Sokoll

To whom it may concern,

I have recently moved into the West Roxbury area but have lived in Dedham my whole life. West Roxbury has always been a strong knit community and has many schools to offer to its families. The location for the charter school is not a safe or sufficient location for children to go. I say this because as someone who works in child education in the other West Roxbury schools, the areas at the schools in our city are already quite small but accommodating for the children and the residents within the areas they are located. Belgrade Avenue is dangerous, people are always driving very fast down the road, I'd hate to hear a headline that a child was struck by a car on Belgrade Avenue walking to school or being dropped off at the school and having to cross the road. The charter school needs to be located somewhere that has sufficient space enough to have a school on its property. The Clay Chevrolet space is NOT the right place for this school. With that being said it would also be very smart if the city of Boston opened another public school in the area rather than a charter school. With that being said I hope that this is discussed with everyone's opinions in mind good and bad but to figure out what's best for West Roxbury and it's inhabitants that is safe for the families this community serves so well. This in my opinion is not a good idea.

Dear Ms. Kerr,

I just wanted to take a minute and thank you for Facilitating a very calm meeting regarding Roxbury Prep High School. I have been a supporter from January 2017, this was a very well run meeting, kudos to you!

I would like to submit my support for Roxbury Prep Charter School at 361 Belgrade Avenue. I am a life long resident of West Roxbury, a wife, a mother of two teenagers, and a licensed daycare provider. We are direct abutters of the property, I view it out my kitchen and playroom windows.

I would like to address some of the issues brought up tonight please. As a very protective mother, I understand why people would not allow their children ages 3-12, like the ones who attend Holy Name Parish school, to cross Belgrade Avenue or any busy street in the city, but we are talking about high school students. Students, approximately 13-22 years old, I believe we as a society would be doing children this age a disservice if we, as adults, don't educate them how to cross the street. If high school students can't cross the street to catch the bus, with the supervision of teachers and staff, how could we ever send them off to college or the real world, I believe the kids at RPCHS can do it!

My children are in 8th and 10th grade, they take the MBTA along with their peers and friends from West Roxbury to schools like Mount Alvernia High School, Boston College High School, Boston Latin School, Boston Latin Academy, Boston Collegiate Charter School and so on and so every day at all hours of the day. My kids play sports and are involved in after school activities, they take the MBTA to events, their peers and friends also take the train or charter busses to and from practices, for example the home field for the BLS soccer team is Millennium Park in West Roxbury, they take a yellow bus from BLS to Millennium. Catholic Memorial practices hockey at the Roche Rink because CM doesn't have their own ice skating rink, it's just how it is in the city. I wish every student could attend a school like The Roxbury Latin School, with all of their grass and turf fields, multiple gymnasiums and brand new hockey rink but that's not a reality for most families.

Every May, Catholic Memorial High School, holds their graduation at Holy Name Church. Every year, multiple cars park across my front lawn, this year literally there were cars on my grass(even a Alfa Romero), but I didn't mind because what a wonderful celebration and achievement. Successful schools have family involvement, so if there are a few extra cars in my neighborhood during parent-teacher conferences, I will be ecstatic! Parents cheering on their student-athletes- awesome!

I believe Roxbury Preparatory Charter High School will be a great neighbor and wonderful addition to our neighborhood.

I look forward to the next meeting on February 13, 2019.

Sincerely,
Christine Bortolotto

Hi Aisling,

I'm a neighbor in Roslindale and strongly SUPPORT the application for Roxbury Prep to develop a charter school at 361 Belgrade.

We need more public education choices for parents and students. Traffic considerations shouldn't stop all progress. We need to continue to improve public transit. There is a train station and bus stop very close by.

Thanks for your consideration.

Dear Ms. Kerr,

My name is Bing Hu, a resident at 703 W Roxbury Pkwy West Roxbury MA 02132. I am writing to express my vehement opposition of the proposed charter high school at 361 Belgrade Avenue at the corner of the West Roxbury Pkwy.

The current traffic in the above mentioned site has been extremely busy in the morning and afternoon. The proposed build will deadly deteriorate the current transposition, causing a tremendous safety issues and other side effects.

Last night, I went to Our Lady of the Annuciation Church at 7 VFW Pkwy for the public hearing. I saw many strangers who expressed their support to the project. However, I was confused that how these organised people are qualified to irresponsibly to say yes to the proposed building if they are not residents in this area.

The organisers could not convince the neighbors as to how the proposal will handle and solve the traffic issues at all. My neighbors and I had been informed by the MBTA that the traffic will become a significant concern if this proposed project cannot be stopped.

I drive my son to and from his school daily. My regular family life does not deserve to be negatively sabotaged because of this irresponsible proposal. And therefore, I am asking you to take action to stop this project!

I look forward to hearing back from you,

Thank you,

Bing Hu

Hi Ginny and Aisling

Here are my comments about last site's meeting: They seem to coincide with your email.

I was disappointed in the meeting.

The speakers did an inadequate job of doing their homework and listening to the neighborhood's very real concerns.

The gentleman who spoke on the traffic issues did not do a survey on the outlying areas affected by the location of the Charter School because it was not funded by his department. In addition, the gentleman referred several times to West Roxbury Parkway as Roxbury Parkway.

Maybe he was not at the right meeting!!!!

It is my sincere feeling that residents in the surrounding area have been putting up with disrupting issues on several changes recently.

There are several churches situated across the streets from residential homes that have a community outreach for several events. These churches do not have their own parking associated with the church, leaving no parking space for resident parking. Such events taking place at all the surrounding churches are: Day Care, Music, Dancing, Yoga, Food Banks, Church Services, Meetings, etc

There are two commuter rail stations close to each other with inadequate parking. Inadequate parking leads to commuters parking all up and down neighboring streets sometimes blocking driveways and parking in residents driveways or in "no parking from here to the corner". Commuters also park in any area they can, Roche Bros parking lot, bank parking lots, pharmacy parking lots, local shopping parking spaces leaving shoppers no space to park and shop.

There are several apartment buildings going up at every inch of space that is available.

The site of the Charter Prep High, will create much chaos with bus schedule and commuter schedule, student drop off, student pick up, student crossing, additional crossing lights, etc - and getting through the traffic drop offs at the Holy Name School.

Then there is the issue with the Charter High School in this location having neighboring community outreach programs, outdoor sports, roof garden science projects, after school programs, evening programs, summer programs - all in a community that already has too much. We have certainly put up with more than we can handle.

The speakers at the meeting said they looked at 50 sites but only told us about three sites.

Consideration for putting the new Prep Charter School in the **West Roxbury High School location, on VFW**, is a perfect solution and should be looked at again and again.

There is ample space for a state of the art building, bigger and better, housing a gym, science, community programs, meetings, outdoor activities and parking spaces, student drop off and pick up

locations, and better air quality.

The funding proposed would be better used for a better location easing complaints of accessibility in an already chaotic mess at the location of West Roxbury Parkway, Belgrade Ave., and Anawan Ave.

The people of the BP&DA have not done their homework for the neighborhood or for the students, and are not very astute about their decisions on spaces and buildings and community neighborhoods.

We come together as a community to give our opinions and concerns to the BP&DA and they brush us off "it is not as bad as that!" they say. What is the sense of having community meetings when really no one cares about our serious concerns about traffic and chaos at morning and late afternoon commutes.

The city has ideas and then browbeats the community on their great idea. It is not a great idea for locating this Charter School in this location.

There are other and better solutions. The students do need a new school, the area proposed is not the location for the school

Go back to the drawing boards. We have given up a lot of space for new developments - enough is enough in this area.

Judy Ulman ps I did not send this to everyone on your email of this evening. If you would like me too, I will. Thank you Ginny for your support.

Good evening all,

Thank you to those of you who were able to attend last night's meeting. Hopefully the rest of you will be able to attend the next and final meeting on February 13 at 6:30 PM. Get there early. It was very well attended, mostly by families who want their children to attend.

As was stated in previous notifications, our association voted to oppose the Roxbury Prep Charter School project.

Despite the rally-type atmosphere of the meeting, the issue of most obvious concern is traffic. The traffic study cited by proponents, and which can be read on the BPDA website (which I was not able to locate today) estimates that the intersection at Anawan Ave. and Belgrade **will have a rating of F once the school is built**. When questioned about the rating, school officials said that it's "not as bad as it sounds" and that the wait at the intersection will only be delayed by an average of 50 seconds.

In my opinion, West Roxbury will be drastically affected by any school at 361 Belgrade Ave., but Roslindale, hardly at all. That's why it's important to attend the next meeting and to send your comments to BPDA: <http://www.bostonplans.org/projects/development-projects/roxbury-preparatory-charter-high-school>.

Thank you.

To: Aisling Kerr

FR: Ryne Johnson, DMD - homeowner & occupant at: 44 Eastbourne St Roslindale, MA

I am writing to voice concern over the proposed school on Belgrade Street in Roslindale. There has been plenty of talk about the merits of adding a much needed school in the area and although I have no issues in that regard, I do not see how that physical footprint can support such a school (and more importantly the parking needed for the faculty and students).

I have read that many feel that public transit, in particular, the trains' proximity will allow for students and faculty to commute to school via the commuter rail. First of all, the commuter rail into that location runs very infrequently and can not be relied upon to service a variety of arrival times & departures. Second, the cost of a commuter rail pass is greater than a regular MBTA pass, and lastly, the congestion that will back up into a pivotal rotary (Holy Name rotary), near a police station is likely to be a significant problem. It is human nature to use the 'easiest and most convenient' means of transportation and I believe many will prefer cars over a commuter rail option.

I fear that because there will be inadequate parking onsite, one will see parking, noise, trash and other unwarranted issues spill into the surrounding neighborhoods. ***One way to counter this would be to put up "resident only parking" signs within one mile of school. Also, adding the Bellevue Stop into every passing commuter rail (instead of infrequent stops) might help.... If you look at the current schedule, not every passing train stops there.***

Thus, I would like to formally voice my opposition (and my wife's opposition) to the proposed plan unless the two listed, recommended changes are instituted.

Thank you.

I am opposed to the 361 Belgrade Ave Charter School Project. This project as well as the condo building in the area is far too complex for this area. We do not need the influx of 500 students and staff descending on Belgrade Ave 5 days a week. The traffic is unbearable now w no relief and this project is compounding the issue. It's a major safety issue for pedestrians and students. Thank you for considering my request. Norma McCormack, 40+ yr resident

I would like to voice my opinion in regards to this projects. I firmly do not want this project to be built as proposed. This is based on the traffic concerns in a overly congested area that experiences traffic back ups at this intersection. With the additional disregard for how much density has been brought into the neighborhood with all apartment/condo that have been approved with Little foot prints. These projects will further contribute to an already difficult traffic problem.

Best,
Tony Federico

Message

I am opposed to the 361 Belgrade Ave project for a number of reasons but there are three major points I would like to emphasize:

First, LOCATION. I believe that this location is an unsafe location for an institution that would daily generate up to 1000 individual visits of students, faculty, parents, and others. With speeding trains on one side and speeding cars on another side, this is not a safe site for our children. This small facility that does even come close to meeting the state standards for square footage allowance per student.

Second, DAILY VOLUME. The volume of daily activity with a school at this site would be "off the charts" compared to anything else we have in our residential community. For example, Holy Name School has about 200 students coming and going each day. Both Roxbury Latin and CM have about 300 students coming and going each day. The proposed school for Belgrade Ave calls for almost 600 students, plus faculty coming and going each day. That is three times the Holy Name School volume and two times the Roxbury Latin/CM volume of daily activity. Our neighborhood is already a complete and unsafe bottleneck of traffic each morning and afternoon. This additional volume of this magnitude would quickly make the daily situation unbearable in the surrounding area.

Thirdly, THE PROCESS. I believe this public process is a complete misfit for a proposed school. The BPDA review process is designed to be used to address apartment buildings, condos, and other real estate developments. This is not an apartment building and it should not be thought of as some real estate deal - it is a high school full of our kids. I believe a school is a valued community resource that requires a robust, very public, and strategic site-planning process that assesses many locations for factors such as access, safety, cost, sustainability, utilization, and community impact. No other community or town surrounding the Parkway area would allow a large high school to be sited based on the BPDA's profit-driven, developer-centric process that is driven by the availability of real estate and the needs of the institution, while ignoring the needs of the community and the taxpayers. Whether it is a public school or charter school, the taxpayers are paying for it and we want our voices heard.

I encourage the school officials to seek a better site and I encourage Mayor Walsh and the BPDA to reject the proposal that would damage our community for decades to come. Thank you.

Dear Ms Kerr,

I am writing to express my extreme displeasure with this proposed project. I am amazed that this site is even being considered. The traffic congestion in this area is already horrendous which I can personally attest to based on my daily commute. Safety concerns abound! I cannot begin to imagine how this small site could handle so many students and staff not to mention their cars, buses, etc. It is simply a dangerous, bad idea. Please find a site that is less congested and therefore safer for all those involved.

Thank you,

Dear Project Manager Kerr,

I received a post card stating that I could submit comment to this address.

Please accept my comment in opposition to building a Charter HS at the present site of Clay Chevrolet at 361 Belgrade Avenue in West Roxbury.

Please register me in **opposition** to this project. This is a very busy corner on a very very parkway at a very busy intersection. All one needs to do is to attempt to drive the Parkway now to know how impossible it would be if a school with children, buses and parents dropping off children were added to the mix.

Thank you for taking my comment,

Maria Bacigalupo

As the parent of a 1.5 year old, and a committed supporter of public education, and a public school teacher, normally I would not find myself defending the establishment of another charter school. Nonetheless, the arguments I have been hearing against the development of 361 Belgrade, which would transform it from an eyesore of a used car lot into a vibrant hub of learning, strike me as disingenuous covers for an underlying xenophobia.

I have followed the arguments of my neighbors crying "Not In My Backyard," and I have watched as they shifted.

Initially, the argument was "I don't want these kids hanging out in my neighborhood." When the opponents of the development realized that opposing a school on the basis of — let's be honest — students of color "hanging around" would not help them garner support for their cause, they formed GBANA to give their racism cover under a legitimate "neighborhood association." Yes, I said racism. I have lived in Roslindale for 5 years, near this proposed school, and at no point in my time here had anyone from the Greater Belgrade Avenue Neighborhood Association ever approached me to ask if I cared about issues in my neighborhood and wanted to get involved. Why? Because GBANA did not exist until this school was proposed, and its sole purpose is to prevent the development of a school.

(A SCHOOL! What neighborhood is opposed to having schools?? No neighborhood. At let's be clear that GBANA does not represent the voices of everyone in Roslindale and West Roxbury. They represent the voices of a vocal minority. Unlike me, I'm willing to bet that fewer members of GBANA have school-age students who might like to attend this proposed charter school. Unlike me, I'm willing to bet that fewer members of GBANA will be putting their toddlers to bed at 6:30pm (when these public meetings are being held), and will therefore have the free time to oppose a school that I might someday send my son to.)

Shortly after the opponents of the school realized that their obvious xenophobia would not help them rally sufficient support for their cause, they tried to draw in other neighbors by arguing that "the school will make street parking and traffic too difficult."

Then, when the school proposal responded to these concerns and ensured that sufficient parking would be built into the property so as to minimize the on-street parking impact, the opponents of the school shifted their argument to, "Well, the building is going to be too high and not in keeping with the neighborhood."

These arguments should not be taken seriously. Boston needs more high quality public schools — charter or not.

I would love to know what fraction of the vocal minority who is expressing opposition to this proposed school would stand to benefit from it. How many of them already sent their kids to other high quality public high schools in Boston that were NOT in their own neighborhood? Or to Boston Latin? Or to private schools? Wouldn't they have loved to have had the opportunity for their child to attend a high quality school right in their own neighborhood? Or is that a moot point, because unlike me they've already sent their kids through school, so everybody else with younger kids should have to make do with whatever options are already available?

I apologize for the heated tone of this appeal, but I cannot sit idly by and listen to my neighbors complain about the state of public education in Boston (and in the United States, more broadly)

while they simultaneously insist that having too many students learning in their midst is "bad planning" or not in keeping with the "character of the neighborhood." Until we commit as communities to making schools — not crumbling used car dealerships — the heart of our neighborhoods, we will continue to fall short of our aspirations to be the community, Commonwealth, and United States we wish we were.

Please approve the development of the charter school at 361 Belgrade.

Sincerely,
Matthew Clarke

Date Received: Saturday, February 2, 2019 5:40:09 PM GMT-05:00

Dear Officials,

I ask that you please turn down the school proposal at 361 Belgrade Avenue in West Roxbury as it is not a safe location to house population of 600+ including students. It also adds congestion and further headache to our neighborhood. Would you please consider alternative more appropriate location for a school with the magnitude of hundreds of occupants daily like the West Roxbury High School and Urban Academy that are closing.

As a resident living on the street across from where the school is proposing to be, I want you to understand that the reason for opposing for the proposed high school at 361 Belgrade Avenue is not because we are against charter school, we the neighbors and community would like you to understand that we oppose any occupant that will house hundreds of occupants daily at 361 Belgrade Avenue since the location is an already very busy and congested intersection where lots of cars already cause traffic on a daily basis in the mornings and starting in mid afternoon as well as congested with lots of commuters, including commuter rail and buses where commuters are challenged daily with speeding cars from both directions.

Commuters are challenged daily crossing the street from 1 side of Belgrade Avenue to the other side at Belgrade Avenue as cars are zooming by constantly in a rush which is dangerous for commuters. And is it a safe location for students, staff and parents.

Making left turn or right turn on Anawan Avenue to Belgrade Avenue is difficult because cars are zooming by in both ways since those cars heading towards VFW Parkway and rotary are rushing so they don't get stuck waiting for red light; there's car and traffic from rotary VFW Parkway trying to make a left into Belgrade Avenue where there's no left arrow traffic light and rushing to make a left with incoming cars on VFW coming from opposite direction. There's already constant traffic from Belgrade Avenue to and from rotary which around rotary is always packed with cars during morning and hours starting in mid afternoon. This is why car accidents often take place here.

One block over from 361 Belgrade Avenue and parallel to Belgrade Avenue is an intersection of 4 streets including VFW Parkway and Beech street where cars are constantly in a hurry and driving through just changed red lights which is why there's often car accidents at this intersection as well.

Belgrade Avenue and Anawan Avenue always have cars parked on both sides; on Anawan Avenue means only one car can go through on a 2 way street while car on opposite side awaits, furthering congestion.

If BPDA approves school to be situated at 361 Belgrade Avenue, to have the school facilities proposed will mean there'll be constructions beforehand which will bring noise and congestion for at least a number of months.

Reduced estimated staff and students from initial proposal still means at least 500 additional people in the already busy street; with a school area for drop offs and pickups will still result in bringing in more cars and cause further congestion and noise from cars and students, staff, parents.

My kid will go to high school soon and having a high school right in next block would ideally be very convenient. Even my kid agrees that all the disadvantaged reasons noted above way outweigh the benefit of having a school nearby.

We ask that you please come and see for yourself the unsafeness and congestion described above and turn down school proposal at 361 Belgrade Avenue.

Thank you.

Linda Liang

Good morning,

I am writing to share my opinion of the governing powers that represent West Roxbury. In a word, disgraceful. That no one is watching for the people who elected you. Seems those in power are doing everything and anything to ruin a what was a great neighborhood. The building, the crowding, now the school, you should be ashamed of yourselves. This is NOT why we voted you in, in fact we voted thinking you had OUR best interests at heart.

Aisling, I would like to know why it is so important to take every inch of space ad crowd it. As soon as I retire, I plan to investigate who is making the money. There is NO reason to grant so many building permits and to build as foolishly as has been going on.

God help this neighborhood, he needs to, you are not.

We support Roxbury Prep's proposal at 361 Belgrade Ave.

We live in the neighborhood, and feel that education opportunities are more important than avoiding traffic and parking inconveniences.

Dear Aisling,

Thank you for allowing this opportunity to provide input to the process.

The entire building project at 361 Belgrade, no matter the size, makes no sense to me. The declining demographics of school age children nationwide, not just in the local area, does not support building any new facilities. Has anyone studied these demographics?

Declining enrollment has caused numerous colleges in the area to close and high schools are no different, in fact high schools experience shrinking enrollment before the colleges do. Nearly all high schools are underenrolled and they are competing for students. Who ever thought we would see BPS launch an advertising campaign to attract students?

Marian High School closed in Framingham last year, and more schools will close in the Boston area after enrollment season ends in mid-March when students must commit for the following year. School facilities are/will become available that can be rehabbed for Roxbury Prep. I see no need to build a new facility which may never reach capacity, and then the neighborhood has another empty building to contend with.

We don't need more schools - we need fewer schools! Schools need to merge and consolidate resources. I suggest an in-depth study on school age demographics and a close look at existing and projected vacancies to be retrofitted for RP. The project on it's own doesn't make sense, and neither does the location.

Thank you for your consideration and due diligence.

Ms. Kerr,

I hope that you are well.

I am writing to support my neighbors in opposing the building of a charter high school at 361 Belgrade Avenue.

I understand that the problem is very complex but I have just a few aspects of the debate that I find most influential to me.

1. My children attend BPS and I feel that there has not been enough proper direction and efficient allocation of resources given to the Boston Public Schools. I feel that the City of Boston often uses the BPS as a major piece of the political chessboard rather than focusing on real tangible results. Oftentimes, I see support of charter schools as a way for people to correct the inadequacies of an inefficient public school system. This may not be a direct argument regarding the 361 Belgrade Avenue project, but it is my overall opinion regarding charter schools in the City of Boston. Disclaimer: I know that charter schools have helped many impoverished and underprivileged children and that the educators at these schools work hard for the betterment of the city.
2. It has been explained to me (and I agree) that the site used for this school is too small to accommodate the proposed operation. Forcing this charter school into this situation with so much antipathy from the neighborhood seems impulsive.
3. I have been told that there are no students or spots available to students from the Roslindale and West Roxbury neighborhoods. If this fact is true (which I do not know if it is), then I cannot support this project. There are very few educational institutions (if any at all) in this city which would be welcomed by the community and neighborhood when the children from such neighborhood are not serviced by said educational institution.
4. Whether the proposed school is built or not, I take great offense to the rhetoric (formal or informal) that opposing residents in neighborhoods of West Roxbury and Roslindale are "racist." The fact that I have heard this narrative numerous times is disgusting and should be refuted by the city's leadership. Residents and taxpayers of every community should be able to freely oppose/promote any initiative that affects their neighborhoods without being subjected to baseless personal attacks. This site will likely not affect me personally, but my children have been raised in a tolerant household where equality and kindness are hallmarks of my (and my wife's) parenting. I will not allow my family to be generalized-about by lobbyists/proponents of this school. I have personally heard from a lobbyist promoting the project that West Roxbury residents are racist against black children and therefore the school is being opposed. I reject and refute this sentiment and hopes that it stops.

Thank you for your time and attention.

they say they have 600 for the project most are from the school. students will take cars to work and the functions that they will have and will park their cars any were they see fit. the meeting was setup with short notice and knowing they had planed this for weeks. I know that are other areas to put this school with lots of space for outdoor activity space .It was one sided meeting letting the ones for the school talk as long as they want while we we told to move on to the next persons. The parents and the students should not be part of the count in favor for school its all to do with the neighbors being impacted. we should receive information on every that take to build this school, blueprints drop off plan , parking. they showed us fifty places the seek out property, we should get that also. they will build a fourth floor once school is establish. I also think everyone should be check with license and address they say they live I think you will fine some live in other towns.

Dear Ms. Kerr,

I'm a resident of Roslindale who frequently drives up Belgrade on my way to work.

I understand that there is concern that the planned building for Roxbury Prep is too small for the number of students who would attend. I trust that you and the BPDA will do due diligence to plan for appropriate density at the site. However, if it is true that parking won't become an issue due to the proximity of buses and commuter rail then it seems like a good site.

I am generally opposed to charter schools but this one already exists and BPS students deserve good accessible buildings to learn in.

Therefore I support the use of 361 Belgrade for a public school.

Thank you,

Susan Kalt

Subject: Reactions to January 30th meeting at Annunciation Church
From: Maureen Scott <[REDACTED]>
To: Aisling Kerr <[REDACTED]>
Date Sent: Monday, February 4, 2019 2:18:02 PM GMT-05:00
Date Received: Monday, February 4, 2019 2:18:15 PM GMT-05:00

Dear Ms. Kerr,

I attended the January 30th meeting along with a number of other residents. Before I begin listing my concerns I want to thank you for the challenging task of coordinating the Public Meetings for the 361Belgrade Avenue site. I have a few reactions to the January 30th meeting that I'd like to share.

First the concern is not whether the Roxbury Prep charter school is a worthy school, so the testimonials about the value of the school are inappropriate. As an educator I value students and parents who want a strong educational community, but that isn't what the focus of these meetings should be.

If Fidelity Investments wanted to put offices in that space with the same number of people and building plan we wouldn't be discussing whether Fidelity was a worthwhile tenant for that space.

The focus of the meetings should be... **Is this parcel of land suitable to accommodate this number of people, the influx of traffic, and the impact on current transportation. It should not be about the Roxbury Prep school.**

My second concern was the moderating of speakers during the question and answer period. You need to emphasize the format before people speak and remind people of this format; name, address and concern in 5 sentences or less. If necessary put a time allotment for speakers. Too many people went off on personal tangents and/or made their point repeatedly in a variety of ways. I recognize that people are invested and emotional on this topic, but gentle reminders would afford more people the opportunity to speak.

I think you might consider an additional BPDA representative for support on the February 13th meeting.

The third concern is the need for a MBTA representative. The transportation person was hired by the school and the list of schools only included one school in Boston. One of the first people during the Q&A period said she had spoken with the MBTA regarding additional buses and trains. **Their response was that they did not plan to commit additional funds for more trains and buses.** The Bellevue station is used by many in the neighborhood to get to work and schools. Transportation is the biggest concern of a number of people I have spoken to and only an MBTA representative can tell us how many commuters are using the trains and buses during peak commuting hours, and if they plan to increase the current number of trains. "We're working with the MBTA..." was not a satisfactory answer. This is the major objection to the 361 Belgrade Avenue property- the impact on traffic and transportation. We need to have BPDA work with the MBTA and get answers to residents' questions.

Just a quick review of my concerns: first, the testimonials for Roxbury Prep are a distraction from the issue of whether 361 Belgrade Avenue is an appropriate site; second, the management of the Q&A period needs adjustment; finally, an MBTA representative needs to be present to answer neighbors' concerns regarding traffic and transportation.

Thank you for taking these ideas into consideration and thank you for your work. It's clear that you are professional and want to see what is in the best interests of all parties.

Respectfully,

Maureen Scott
Colberg Avenue resident

Subject: Proposed new site for Roxbury Prep.
From: Bob Shiffrar <[REDACTED]>
To: "[REDACTED]" <[REDACTED]>
Date Sent: Monday, February 4, 2019 2:45:00 PM GMT-05:00
Date Received: Monday, February 4, 2019 2:45:01 PM GMT-05:00

Please consider this a note in opposition to the proposed 361 Belgrade Avenue site as the new home for Roxbury Prep.

Simply put, this is just the wrong site for a school of 800-900 students and 100-200 teachers and staff.

That section of Belgrade---hard by the West Roxbury Parkway and Centre Street's most congested blocks---is already too crowded with traffic, commuters, residents, and shoppers. Especially during the very hours when students and staff arrive and depart school.

Even if one believes that nearly all the students and staff will commute (which has never been proven or adequately explained given the ridership limits of the MBTA and the school bus system), the sheer number of people suddenly placed in the midst of an already-congested area will be overwhelming.

If this were a proposed condo or rental building, it would be denied without a second thought. And rightfully so. It is completely out-of-scale with the neighborhood, and with the limitations of how many people that area can support and withstand.

We realize that it is not a condo or apartment building, and that the students and staff won't live there 24/7. But in many ways, that makes the situation more untenable; instead of people coming and going at varying hours throughout the day, massive influxes of students and staff will occur all at once, and then will need to return home all at once.

The result, in our opinion as Roslindale homeowners with deep, firsthand knowledge of neighborhood flow, will be chaos.

Again, would a residential project of this large scale even be considered for that location? In a site of that limited size? The answer, logically, would be absolutely not.

Please realize that we are not anti-school. In fact, our home is right next to an elementary school: The Mozart School. The difference is, THAT school is of an appropriate size and scale for the neighborhood. It has a capacity of approximately 175 students. Even then, congestion can be an issue, especially for us immediate neighbors. But it is at least somewhat manageable.

However, imagine a school of about SIX TO SEVEN TIMES that size, housed on a physical site of the SAME approximate size at The Mozart School, in a heavily trafficked and visited area; it borders on malfeasance.

We are school supporters. We are supporters of charter schools. But there MUST be logic and reason utilized in determining where they are located.

Surely there must be a more appropriate site for Roxbury Prep, one with a larger footprint, in a less heavily traveled and congested area; one that could better handle the large influx of students and staff, while less severely affecting the many residential residents in the immediate area.

Personally, we are several blocks away from the proposed site. But we are greatly concerned about the effects it will have on neighbors we care about, and on a neighborhood we love.

Therefore, we must voice our opposition to the proposed 361 Belgrade site for Roxbury Prep, and urge that it be denied.

Thank you for your time,

Robert Shiffrar and Abigail Gessner
31 Eastbourne Street
Roslindale

Subject: STOP 361 Belgrade Ave Development

From: John Kalaitzidis <[REDACTED]>

To: "[REDACTED]" <[REDACTED]>

Cc: "[REDACTED]" <[REDACTED]>

Date Sent: Monday, February 4, 2019 3:49:59 PM GMT-05:00

Date Received: Monday, February 4, 2019 3:50:04 PM GMT-05:00

Dear Community;

I am hereby stating for the record that I am against the proposed build of this Roxbury Prep School at this site. My reasons are as follows:

- a: site is way too small to handle logistics to be incurred. (traffic, road too small (only 2 lanes) to handle influx).
 - b: neighborhood impact is unsustainable. traffic, busing, congestion, after school events clashing with residents' parking concerns, etc.
 - c: neighborhood already inundated by schools already in the area. IE: Mozart School, Holy Name School, Beethoven School, and yet another school at Beech and Washington str..
 - d: too many intersecting "choke points with regard to traffic" which already place strain on neighborhood
 - e: the "new number" of proposed students which developer is stating STILL doesn't conform to the allocated space minimum requirements by the state of MA.
 - f: developer is seeking a "height adjustment of 39 ft" allowed, when everyone else has had to abide with the current 35 ft. Thus not restricting sunshine to community.
 - g: every 1 to 2 yrs a child is struck by a train (at this very site) due to playing / lingering on tracks. Bringing kids to this site is a recipe for disaster just waiting to happen. AND, who will take responsibility when eventually one of the students DOES get struck by a train?? What will we tell the parents of that student??
 - h: developer/school proposes a "kiss and ride" option which entails parents driving their kids to school each day. BUT we cannot impose that on their parents. And parents aren't legally required to comply. Not too mention the traffic it would cause.
 - i: officials from school proposed "allowing some students to leave 1 hr early" thus freeing up congestion. Yet, if we allow this then at 1hr per day multiplied by 5 days, 4 wks, multiplied by... Well YOU get the picture. Its a lot of time missed and will need to be made up. Otherwise which parent will concede to their child receiving LESS of an education? All so that a developer can make money??
 - j: folks who DO NOT reside in the immediate area (ie; in other side of Roslindale near Hyde Park boarder) who won't be impacted by any increase in traffic, etc. Yet they put up signs in yard stating that they are FOR the build. Not exactly a fair statement...
- I don't understand why the current W. Roxbury High School location is only being utilized to 50% capacity? AND I've read that it is slated to close due to "not enough students to justify the space".. That location has ALL of the attributes which Roxbury Prep students will desire.
- a: Located within walking distance to T and commuter rail.
 - b: W.R High School can be renovated and built to suit thus handling all of Roxbury Prep student body. (over 2000 student capacity).
 - c: Plenty of parking for school buses AND admin staff.
 - d: 4 lane road (VFW Pkwy) lends itself to much less congestion.
 - e: ZERO impact on neighborhood residences.
 - f: Site is big enough for ALL after school activity requirements as pertaining to parking and noise issues. Again, ZERO impact on surrounding neighborhoods.
- Why don't we utilize the already vacant city owned properties in Hyde Park (Hyde Park High School would be another great location) Readville, or other locations to remedy these matters? W.R.H.S., I believe would be ideal. A win / win for all involved. The kids especially. I ask that you please take into account the aforementioned talking points with regards to this matter.

Kind Regards

John Kalaitzidis

Subject: comments on 361 Belgrade project

From: Racheal Rush <[REDACTED]>

To: [REDACTED]

Date Sent: Monday, February 4, 2019 7:11:28 PM GMT-05:00

Date Received: Monday, February 4, 2019 7:11:40 PM GMT-05:00

Hi Aisling. I'm forwarding along some comments from a friend and neighbor. This person is not comfortable signing their name to the document for safety reasons (unrelated to this project or process). I'm not sure if you can accept the letter without her name, but if possible, I'd like to enter it into the file.

Thanks for considering, Racheal

To Whom It May Concern,

As a public school educator and mother, I believe in strong educational opportunities, neighborhood schools and safe learning environments for all students; and hope my own child has these available to him as part of the Boston Public School system. However, in the case of Roxbury Prep's proposal to build a high school on the 361 Belgrade Ave. location (formally the National Tire/Clay dealership) I firmly believe this is a mistake. The current proposal, which is a reduction from the first and much larger proposal, aims to build a 2-3 level building, housing 562 students and 67 staff. It would allot 46 underground parking spaces, 30 "valet-assisted" parking spots and rely heavily on the Needham commuter line/Bellevue stop and Belgrade Avenue MBTA buses to transport many students and staff. This does not account for other people that regularly enter and exit the school building such as community partner program staff, student teachers, family members, etc.

I live in the building adjacent to the proposed school and would be directly impacted by 600+ new neighbors.

In an effort to minimize the impact, the builders have proposed adding a "kiss and drop" at the end of Anawan Ave. at the Commuter Rail tracks to help with the morning drop off and afternoon pick up. That tiny strip of street would also be the entrance to the parking garage. Anawan Ave. is also where the driveway to my building is located and is the most used pedestrian access to the Bellevue stop. For those of you that travel by train, you know firsthand that area is already used as a drop-off and gets congested with the current amount of cars. The only thing this plan adds is more congestion.

The purpose of the Commuter Rail is just that - a commuter train bringing people in and out of the city for work. It's not meant to be used for daily transit like the subway's Orange Line. When I moved here 5 years ago, the Needham line only ran on weekdays. Since that time, the MBTA briefly added rides on Saturdays and Sunday and currently only offers a modified schedule on Saturdays. At peak commuter times, Bellevue often has about 30 people boarding or exiting the train.

Can you imagine having 300 (at a low approximation) getting off the morning train to come to school? Combined with the increase in cars, the neighborhood would be immobilized.

During open meetings the developers say that they are planning to petition the MBTA to add additional stops to the Bellevue station as there is already an express train that goes in and out of the city in the afternoon. However, that's an unknown and adds more noise, traffic, smog to the houses living next to the tracks; no thanks.

Roxbury Prep is a comprehensive high school offering after-school programs, sports, and summer school. The building is also said to be available as a "community space." This means the building would be used beyond typical school hours, into the evenings and on the weekends. The volume of people and cars in that tight space of the corner of Belgrade Ave and West Roxbury Parkway will put more strain on an already bogged down intersection that routinely backs up to Washington St. through the Holy Name rotary.

A school in the neighborhood brings questions about where people will go during planned and unplanned fire alarms. How will evacuations succeed at the same time a train is at the station when the students and staff can't get into the commuter rail parking lot, which is the only large area that could hold that many people at one time? Lockdown drills? Where will families park during conferences or night events? How late will community events go? Where will the large groups of students stand when waiting for the buses and trains? Again, the proposed location, on a corner lot, backed up to the train tracks, does not offer the surrounding space or parking to adequately meet the school's needs and keep the neighborhood functioning properly.

I've heard the argument, "not in my backyard," suggesting those that oppose the project do so because the make-up of the students are predominantly students of color. In my case, and for everyone I've spoken with, that's not the case. There are many people in Roslindale/West Roxbury that live adjacent to existing schools and coexist just fine. People who rent or live in those areas chose their homes with full knowledge of the school and could decide if they want to live with all that comes with it. I lived next to English High, which is a much larger plot of land than 361 Belgrade Ave. for over 10 years so I write with firsthand experience. I moved from that location and chose this neighborhood and its surrounding area without a school, without commuting students/staff (and their families), and without traffic, noise, litter, and community gatherings on purpose. It boils down to not wanting to live next to any school, especially one on such a tight footprint and on the busiest intersection in the area.

Hi

I oppose the building of a charter school at 361 Belgrade Avenue.

I own a house in WR for the past 22 years but I grew up on Montvale Street in Roslindale that is right around the corner to this site. My parents still live there. I also am only .2 miles away from the school and would be greatly affected by it.

A charter school is not appropriate for that site. It will introduce too much congestion. There is no reason for this charter school that will not service the neighborhood. I strongly oppose this. I believe in Boston education as I have 2 sons at BLA and previously at the Joyce Kilmer. This request should be denied.

I hope that you will support the view of the citizens living in the neighborhood and not move forward with this proposal.

Regards
Michelle

Dear Ms. Kerr,

I think it would be a major mistake to allow Roxbury Prep to build their proposed school at 361 Belgrade Ave.. First the traffic in the area is already a major problem with Holy Name School and the normal business computers. The school has not presented an adequate traffic study to prove that all the additional traffic related to the school would not increase the problem.

Second, I am sure that using the MDC land for this development would preclude the necessary expansion of the West Roxbury Parkway.

The proposal does not adequately address the fact that the school expects to eventually have 900 students and thus will be coming back to increase the building size and create unnecessary density.

The school does not have adequate space for student recreation, so we know that there will be crowding out in our local parks and YMCA where playing time is already limited.

I have gone to several meetings and have been very concerned that the school proponents are trying to drown out neighborhood concerns about density and traffic. I personally find their comments unwarranted having many black friends who also think the school location is really not appropriate.

Sincerely,

Cecilia O'Keefe

Dear Ms. Kerr,

I am a current resident of Roslindale, and have lived and owned a home in this neighborhood for over 5 years.

I strongly support the proposal submitted by Roxbury Prep to construct a school at 361 Belgrade Ave. I believe this school will bring some much-needed life and economic uplift to what is an unfortunately desolate stretch of the city.

There are plenty of alternate routes that commuters can take to avoid any traffic created by the school. Other neighborhoods seem to manage just fine, Roslindale certainly can as well.

Thank you for your consideration.

Dear Aisling,

I recently received a mailing from STOP 361 Belgrade. I had researched this issue and the group's concerns when this all surfaced. I wrote them then going through their concerns point by point and finding examples here in West Roxbury that the group did not oppose. I found the whole group as a NIMBY (not in my back yard) response. I actually felt it was a bit racist.

Be assured that many residents of West Roxbury DO support this project in general. This is the first time that I have reached out to a public official to share my view. The group is noisy, but not the norm.

Regards,

Drew

Dear Sir or Madam,

Just writing to express my concern about the Charter Highschool at 361 Belgrade. As a resident on Center St, I feel the project is just too large for the site. The area is already pretty congested. Most all the time I come home and I am not able to find on-street parking because commuters taking the commuter rail train into Boston, churchgoers attending mass and funerals, individuals going to their dentists and lawyers in the neighborhood park on the few spots available, sometimes for the whole day.

Thanks for listening,
Licia Gomes

Dear Mr Mayor and Director,

There has been no acknowledgement of any of my letters to you - and such is vexing - as the first community meeting was a set-piece for the Petitioning *Roxbury Prep*. I was told to sit down, and stop trying to raise issues. It was repeated and repeated by BPDA Staff that they do not and will not concern themselves with - either - the woeful failings of the Transportation Study, nor the failure to provide critical data on the state of Pollution at the former Auto-Repair site.

Are we putting these students into a polluted site and without a worthy Transportation Study. What is to be the 'rating' of the juxtaposed intersection? How are the students in Hyde Park to reckon with spending a commute in-town and then out-of-town every-morning (and leave their cars at home)?

All of this is bad for the students and bad for the community.

SORRY SCENE RESPECTFULLY MIKE DONLAN

RE: 361 Belgrade -- A Quadruple Conundrum

Dear Mr. Mayor, Director, et al,

Suddenly more is clear – as folks good and true sink (simultaneously) into *quick sand*: A very worthy Charter School, Roxbury Prep, pursuing normal and salutary accretion - as its numbers grow; and a community that has been striving to 'put its finger in the dike' while being maligned by the school advocates and (even) advocacy journalism.

The Quadruple Conundrum:

1. A good charter school pursuing a one-acre site, at the **intersection of tripled arteries**, with an (uninspected) polluted site, after pitching Roxbury Prep as a *neighborhood* school, putting hundreds and hundreds of students onto prolonged, counter-intuitive and burdensome commuting.
2. A good neighborhood that is already under heavy, saturated commuting strain – with its side streets becoming avenues of motor-
rage – which is becoming wrongfully-maligned repeatedly – event to the point of prompting the press and media to engage in advocacy journalism.
 - a. Our neighborhood will (and should) welcome such a good charter school via a rational siting process; but there is no transparency in this siting process – leading to a likely conclusion that there is latent collusion.
3. A BPDA that puts on 'banker's blinders' and says: although we are the planning agency, we do not concern ourselves with: -- a (likely) polluted site, -- a **Bait and Switch**, - maligning a neighborhood good and true, -- a pabulum, vanilla traffic-study that 'presumes' over 90% will all take public transit (despite many hundred coming from cross-neighborhoods (like Hyde Park) and not (shun a double in-and-out commute) and, instead, take a direct auto-route (for example) over WR Parkway, -- unconcern over likely major financial windfalls (of **found money**), that, in the end, will amount to many millions in our taxes (coupled with a 90-year lease).
4. A growing, permanent and unrelenting tragedy, with much needless suffering and mounting tax burdens befalling a good charter school and a good neighborhood.

Here are some morning thoughts. It is agony to stand-up and question a well-meaning and worthy charter school – who are pursuing

We have been pleading (over and over) that putting 1000 students and staff on a one-acre site is a very bad precedent – to the extreme.

- Also, the petitioner adverts in its filing that other Charter Schools have been able to ‘get-away’ with **cutting corners** – as if wrongful precedents should become the norm.

Despite the reduction the Petitioner’s proposal (from closer to 1000 to over 600), some serious issues of fact and law are outstanding; and such will lead to unnecessary legal-Catch 22s. Much resides with the seeming determination of UC to **insist upon a site** that will inflict a serious and permanent blow to our community. Schools are not sited at intersections of major community arteries – let alone intersection of triple arteries – that are already bottlenecks at commuter-time (and are a source of commuter rush-efforts through residential streets). There are some facts that are being hidden -- as to the benefits to accrue to Clay Chevrolet and the Clay family -- starting with a ‘lurking’ 90-year lease (for which we residents will be paying- off from our taxes -- for 90-years). {We have not seen the lease -- and has anyone seen the lease?} This is a pivot feature of the process.

This new Legal Process – spawned by the advent of Charter Schools – is very novel, vexing and it reverses the presumptions under Chapter 80. Charter Schools are being provided with ‘found-money.’ Also, Charter Schools are stripping our classic Public Schools of funding – stripping away much-need state-aid – to go only to charter schools. {We residents should be made aware of this errant peculiarity – and this rank-discrimination against the Classic Public Schools should be brought to a halt!!

It is troubling that we tax-paying residents have to fund Public Relations programs that miscasts the issues and miscasts my fellow residents. This adds insult to injury – yet somehow (again) the BPDA is being ‘middled.’ We need some commitment to fairness. If the rank and file of residents did not come forward (in just these few days) and seek proper due process for this money-grab, who would?

In my ten years as Vice Chairman of the BRA (and in prior-times past), the developer was always the **sole party** at financial risk; and pursued the competitive opportunity to gain strong siting-advantage for serious profit (in competition with other eager developers). Now the Petitioner is poised to achieve a major money-draw from the City and its residents – **we bear the financial risks, and not the Petitioner**. Never-before, would the financial risk fall upon the residents of the City to pay all the costs of a profit-generating enterprise (who, in turn, reap major federal tax benefits). Moreover, the developer would submit financial filings (normatively from commercial banks) showing that the project was bankable – and the sourcing of funding.

Conversely, UC has some riveting need for this site -- and no other alternative sites have been posited. Moreover, UC is free from competition -- unlike classic reviews by the BPDA. All charter schools draw upon the finances of our city. Our BPDA is the sole reviewing agency. Yet, who is to look out for the interests of the residents and the finances of the city -- as all funds will flow from the City to UC.

UC has launched a highly funded PR programs to surround and wrong-foot our public officials; and our community has been and is being maligned. There are multiple sites in our community for charter schools. And UC (for example) already has a capacious site in Hyde Park (on public transportation).

Will the BPDA posit and begin comparing alternative sites? Will the BPDA do its own Traffic Study and Pollution Study? Who is to act as champion for our community? Will an independent expert be provided to participate in the process before the BPDA? There are a number of overarching policy questions to be addressed and resolved? For example:

- Has this PR Campaign engaged Bait and Switch? Dozens of letters have been submitted and published by the press -- citing to the need for a community high school for Roslindale and the *consequent* benefit to accrue to Roslindale!!
 - o Yet UC, the press, BPDA, City Hall, etc., all know that the students to attend Roxbury Prep in Roslindale will not be drawn from Roslindale!
 - o Student selection - by law - is by lottery; and less than 10% of the current students at RP are from Roslindale (and 1% from WR).
- What attention should be given to the dramatic statistics just published by a UCLA Study showing heavy discrimination against Spanish and disabled students in disproportionate (and national top)

suspensions by Roxbury Prep (here in Boston)?

- o Also, UC had just been cited (and made to enter to Consent Decree in New Jersey) for violations of Civil Rights laws.

- o As individual residents, we only can find out vital information by research. Yet should there not be some proper regulatory process **before and after public-permitting** to monitor RP, when it will be given 'found-money.'

- o Should our School Committee have some oversight, and should they not be providing expert commentary.

- § Should not the BPDA designate a staff member to assist our community?

- There are multiple articles in the industry-press showing that billionaires are profiting off of Charter Schools. And, most-troubling is one feature to Charter Schools that should be restrained:

- o The administrators of Charter Schools are free to engage in nepotism and conflict of interests in their financial dealings with outsiders and within their own team. Such is major concern. All residents must cover any cost overruns and any poor judgments; yet these administrators can engage in such activity with impunity.

- § Public school administrators in Boston are subject to classic codes of conduct; and they cannot self-profit from their administrative positions. Yet, not so with Charter Schools.

- The foregoing concern raises specific angst over the financial arrangements with Clay Chevrolet. This appears to be a driver that is causing major poor-judgment of siting on this small, but pivotal, site at the intersection of multiple arteries. {Such siting would never have been allowed during my tenure on the BRA.}

- This is a prime example that serious policy review must be undertaken by our City, and by all who must accord opportunity for the development of Charter Schools. This process must gain the public trust; and this injury (along with its insults) to our community will bring about biases against Charter Schools and their penchant for self-dealings.

While it may be (technically) accurate to apply the term **non-profit** to UC; that is a handy legal moniker - whereby such Charter Schools gain multiple tax-breaks for billionaires, while (in turn) simply re-investing their strong profits toward more and more charter schools -- and favoring more billionaires. The teachers carry the burden for the students, and the city pays all the bills coming due (without careful accountability). The billionaires have found **found-money**.

UC may be an ideal charter school system; but the folks who are advancing this project are not educators (at least as to those whom we have met, and who have been leading the PR campaign).

I only received the filing materials on Friday (from my leadership team in GRABNA); and I have reviewed it.

My wife and I have been sending repeated letters in your direction -- hoping for replies. When I had heard (from the field) that a new filing had been made, I wrote to my City Councilor to inquire into the new filing; but he said he -- as yet - had no helpful focus and pushed the question back to me. (So, this letter is my effort from the 'fringe' -- back to Matt).

Our City Councilor Matt O'Malley stressed that he wants and is seeking a full community process. Yet it seems that our city constabulary is being wrong-footed, and, in addition, the Petitioner is setting up a **fast track**. UC says they expect to commence construction by this fall!?! Will there be no proper discourse and no consultation with community committees??

It my hope that these issues will be reflected upon and addressed in a fully-worthy Legal Process. The RP project will have serious and compounding injury to our traffic flow. I did not find any solutions in the (vanilla) Traffic Study filed by UC -- except to assert that the students will - virtually all - use public transit. That appears to be a one-sided conclusion and speculative.

Somehow our community should believe that there is to be, and there will be, a solid a sincere community process. Also, there should be equal time allocated **at each** public meeting for both sides.

Thank you for your attention.
