About The SF-1 Data

The following report features selected data from the 2010 Census Summary File 1 (SF-1). SF-1 contains data collected on all people and households in the 2010 Census. Population information includes sex, age, race, Hispanic or Latino origin, household and family characteristics, and group quarters population. Housing items include whether a housing unit is owner-occupied or renter-occupied, as well as occupancy and vacancy status.

Please note that subcategory percentages in this report reflect the percentage within the category it is associated with and not the percent within the total. Major categories are typically highlighted in pink in this report. Subcategories are distinguished by indented text.
