Elizabeth Beckett, Research Intern

The BPDA Research Division strives to understand the current environment of the city to produce quality research and targeted information that will inform and benefit the residents and businesses of Boston. The Division conducts research on Boston's economy, population, and commercial markets for all departments of the BPDA, the City of Boston, and related organizations. The information provided in this report is the best available at the time of its publication.

All or partial use of this report must be cited. Our preferred citation is as follows:

2018-2022 American Community Survey Neighborhoods

This document reports data from the 2018-2022 American Community Survey. These data are the best source for detailed demographic estimates at small geographies. For the most accurate total population counts from the 2020 Census adjusted for the City of Boston's group quarters challenge: Exploring Neighborhood Change interactive map or Spreadsheet of adjusted tract and neighborhood 2020 population counts

Neighborhood boundaries are approximated using 2020 Census tracts. Because they cannot be separately identified at the Census tract level, the Leather District is combined with Downtown and Bay Village is combined with the South End. Census Tract 9815.02 is partially in East Boston and partially in Revere, but almost the entire population is in Revere so it is excluded from the East Boston approximation. The Harbor Islands are excluded from the analyses because they do not currently have any residential population.

2020 Census Tracts & Neighborhoods

Neighborhoods as defined by 2020 Census Tracts

- Allston
- Back Bay
- Beacon Hill
- Brighton
- Charlestown
- Chinatown
- Dorchester
- Downtown
- East Boston
- Fenway
- Harbor Islands
- Hyde Park
- Jamaica Plain
- Longwood
- Mattapan
- Mission Hill
- North End
- Roslindale
- Roxbury
- South Boston
- South Boston Waterfront
- South End
- West End
- West Roxbury

Tract with little or no population

Neighborhood Boundary*

*Neighborhood boundaries created based on a combination of Census Tracts, Zip Codes, and Zoning Districts. These boundaries are used in the broad sense for visualization purposes for zoning and planning studies. These are not official neighborhood boundaries for the City of Boston.

bpda

Map prepared BPDA GIS, March 2022.
