Boston in Context: Neighborhoods

2017-2021 American Community Survey

boston planning & development agency

Prepared by the Boston Planning & Development Agency Research Division

Alvaro Lima, Director of Research
Christina Kim, Deputy Director of Research
Phillip Granberry, Senior Researcher/ Demographer
Matthew Resseger, Senior Researcher/ Economist
Michael Endale, Senior Researcher/ Data Scientist
Kevin Kang, Senior Research Associate/ Data Manager
Emily Korest, Research Associate
Michael Chirico, Research Coordinator
Camille Bergeron, Research Assistant
Ethan McIntosh, Research Assistant
Mia Padberg, Research Intern

The BPDA Research Division strives to understand the current environment of the city to produce quality research and targeted information that will inform and benefit the residents and businesses of Boston. The Division conducts research on Boston's economy, population, and commercial markets for all departments of the BPDA, the City of Boston, and related organizations. The information provided in this report is the best available at the time of its publication.

More research produced by the Boston Planning & Development Agency can be found on the BPDA Research Website:

Research Publications

Research requests can be made through the BPDA Research Division's Research Inquiries.

2017-2021 American Community Survey Neighborhoods

The smallest geography in the ACS differs by variable, with some available at the block group level, while others available only for Census tracts or larger geographies. Therefore, when using ACS data, neighborhood boundaries are approximated using 2020 Census tract boundaries.

Because they cannot be separately identified at the Census tract level, the Leather District is combined with Downtown and Bay Village is combined with the South End.

Census Tract 9815.02 is partially in East Boston and partially in Revere, but almost the entire population is in Revere so it is excluded from the East Boston approximation.

The Harbor Islands are excluded from the analyses because they do not currently have any residential population.
