## **COMMUNITY BENEFIT FUND APPLICATION**

The Boston Redevelopment Authority (“BRA”) Board, now the Boston Planning & Development Agency (“BPDA”), approved the South Bay project on 5/12/16. This resulted in the execution of a cooperation agreement between the BPDA and the proponent resulting in a community benefit commitment for local non-profit organizations working in the Dorchester neighborhood.

Up to **\$140,000** will be available in this round of funding.

Applicants are required to submit to the Planning Department a plan that describes how the applicant will utilize the community benefit funds to address the objectives listed below in a manner that will produce the greatest measurable impact on the community. All awards will be subject to BPDA Board authorization and chosen applicants will be required to enter into a grant agreement with the BPDA.

Applicants are required to submit a detailed budget and comprehensive plan describing their objectives and goals if they are to receive funding.

The Planning Department sets forth basic objectives against which the plan and the applicant’s performance under the plan will be evaluated by the Planning Department. The applicant must state how it will pursue these objectives.

Objectives:

- **Applicant’s proposal must benefit the Dorchester neighborhood.**

## **APPLICATION PROCEDURES**

As designated by the Planning Department, an applicant for community benefit funding must be a nonprofit corporation operating in Massachusetts and/or an organization that has identified a local nonprofit to act as its fiscal agent.

If an applicant applies for funds using a local nonprofit corporation as its fiscal agent, an agreement must be signed by the authorized signatories for each organization indicating the relationship between the parties with respect to the application for community benefit funds. This agreement must be submitted by the application deadline.

In addition, all funded activities must be eligible and meet the objectives set forth by the Planning Department:

- **Applicant's proposal must benefit the Dorchester neighborhood.**

Follow the prescribed format for application preparation closely. Present information in the order indicated. Submit all requested information or indicate not applicable ("N/A") where appropriate.

Do not submit materials other than those specifically requested.

If an applicant (a) makes a false statement or misrepresentation in this application to obtain community benefit funding or (b) uses the funds inconsistent with the applied for use, the funds and grant agreement may be in default. The Planning Department may declare all or any part of the funds repayable to the Planning Department and the contract voided. The applicant may also be barred from applying for future community benefit funding.

Please note that some proposals may require City of Boston or other public agency approvals (Public Improvements Commission, Boston Parks Department, etc.). If an applicant is awarded funding for a proposal requiring public agency approvals, disbursement of funding will be contingent upon such approvals. It is incumbent on the applicant to find out if its proposal requires public agency approvals.

Review committee recommendations for funding will be approved by the BPDA Board. A grant agreement will be executed prior to any disbursement of funds. Recommendations will be based on a variety of factors including specificity and clarity of plan, cost, conformity with the stated objectives, and projected outcomes if funding is awarded.

Successful applicants must provide a written summary of accomplishments, and expenditures, within 90 days after grant completion and submit it to [Elaine.Keane@boston.gov](mailto:Elaine.Keane@boston.gov). Applicants may be ineligible for future funding if a written summary is not provided in a timely manner.
